CHAPTER 100 INTRODUCTION

101 Goal of Presumptive Eligibility (PE)

The goal of the Presumptive Eligibility (PE) program is to provide Medical Assistance coverage during the application processing period and remove barriers to the availability of medical care critical in positively affecting the health of Georgian individuals.

The Department of Community Health (DCH) is committed to providing Qualified Hospitals (QH) for determining a PE for Parent/Caretaker with Child(ren), Children Under the Age of 19, Pregnant Women, and Former Foster Care with clear and practical guidelines:

- Understand Medical Assistance coverage available to individuals eligible for Medical Assistance;
- Understand the application process for PE;
- Understand the eligibility requirements to be used in making PE determinations;
- Be able to compute a PE budget using a PE Hospital application form 632H;
- To screen on Georgia Medicaid Management Information System (GAMMIS) to prevent multiple Medical Assistance ID numbers being issued;
- To correctly perform on-line entry of the PE Medical Assistance application;
- Understand procedures for processing Medical Assistance applications.

*PE Women's Health Medical Assistance - refer to the PE WHM manual for regulations, forms and procedures.

**Form 632H can be used for PE Pregnant Women Medical Assistance – refer to the PE Pregnant Women manual for regulations, forms and procedures.

CHAPTER 200 OVERVIEW OF PRESUMPTIVE ELIGIBILITY

§435.907 Application; §435.1103 Presumptive eligibility for other individuals/SPA ATTACHMENT 22-A Page 23B

201 Definition and Description of Presumptive Eligibility (PE)

PE is an expedited process of enrolling eligible applicants into the Medical Assistance program, who are determined by a Qualified Hospital (QH), on the basis of preliminary information, to be presumptively eligible.

Medical Assistance coverage is available prior to a formal determination of eligibility by the Division of Family and Children Services (DFCS) office.

Medical Assistance coverage may be granted to the applicant who meets the eligibility requirements consisting of an income comparison test using the applicant's statements to establish gross income.

The PE period begins on the date the Qualified Hospital determines the applicant eligible. PE period ends when DFCS determines eligibility or ineligibility for Medical Assistance, but no later than at the end of the following month of the PE approval. *The web portal has been updated and coverage no longer reverts to the beginning of the month for Presumptive Eligibility.

If the applicant is determined eligible for the program, the individual(s) receive an approval notice and temporary Medical Assistance certificate. If the eligibility continues, the individual(s) receives the plastic Medical Assistance member identification card.

The number on the card is the Medical Assistance identification number. This number will remain the same throughout the member's eligibility.

PE determinations for Parent/Caretaker with Child(ren), Children Under the Age of 19, Pregnant Women and Former Foster Care can be completed by QHs. DFCS are not included in the legislation as qualified hospitals.

A Qualified Hospital is a hospital that:

(1) Participates as a Georgia Medical Assistance provider;

(2) Notifies DCH of its election to make PE determinations;
(3) Agrees to make PE determinations consistent with DCH's policies and procedures;
(4) Assists individuals in completing and submitting the full single streamlined application and understanding any documentation requirements; and
(5) Has not been disqualified by DCH.

As part of the PE process, the QH will email the complete PE packet to DCH at pecorrections@dch.ga.gov, within five (5) business days of the PE completion, regardless if the PE application was approved or denied.

202 Summary of Process

The PE process involves the Qualified Hospital (QH), the Department of Community Health (DCH), the Georgia Medicaid Management Information System (GAMMIS), and DFCS office. The QH determines eligibility for the presumptive period, the DFCS office determines eligibility for ongoing and retroactive Medical Assistance; and DCH/GAMMIS issues the Medical Assistance member card and provides reimbursement to participating providers for Medical Assistance approved services.

The process begins when the applicant enters the QH's office and requests Medical Assistance coverage. The QH obtains enough information to determine income eligibility and establishes if the individual(s) qualify for PE Medical Assistance. Additionally, the QH assists the applicant in completing a single streamlined application for ongoing and retroactive Medical Assistance eligibility.

After the PE application is approved, the eligible member is given an approval notice and temporary Medical Assistance certificate. The QH will email the completed PE application packet securely to DCH. Upon receipt of the PE packet, DCH will review for accuracy; intervening when errors or abnormalities are observed by notifying the QH of any incorrect policy and/or procedures. DCH will email the DFCS office the PE packet. DFCS registers the Medical Assistance application and determines eligibility for ongoing months, as well as the retroactive months when requested. Notice is given to the member regarding the eligibility finding, and the results of the determination are forwarded to DCH/GAMMIS for appropriate processing.

When DCH/GAMMIS receives the eligibility information, an open record is established for the member for payment of claims. When DCH/GAMMIS is notified by the DFCS teams of the results of the Medical Assistance determination, the record is continued as an active Medical Assistance record if eligible or the PE is closed if ineligible.

203 Certification Process and Liability

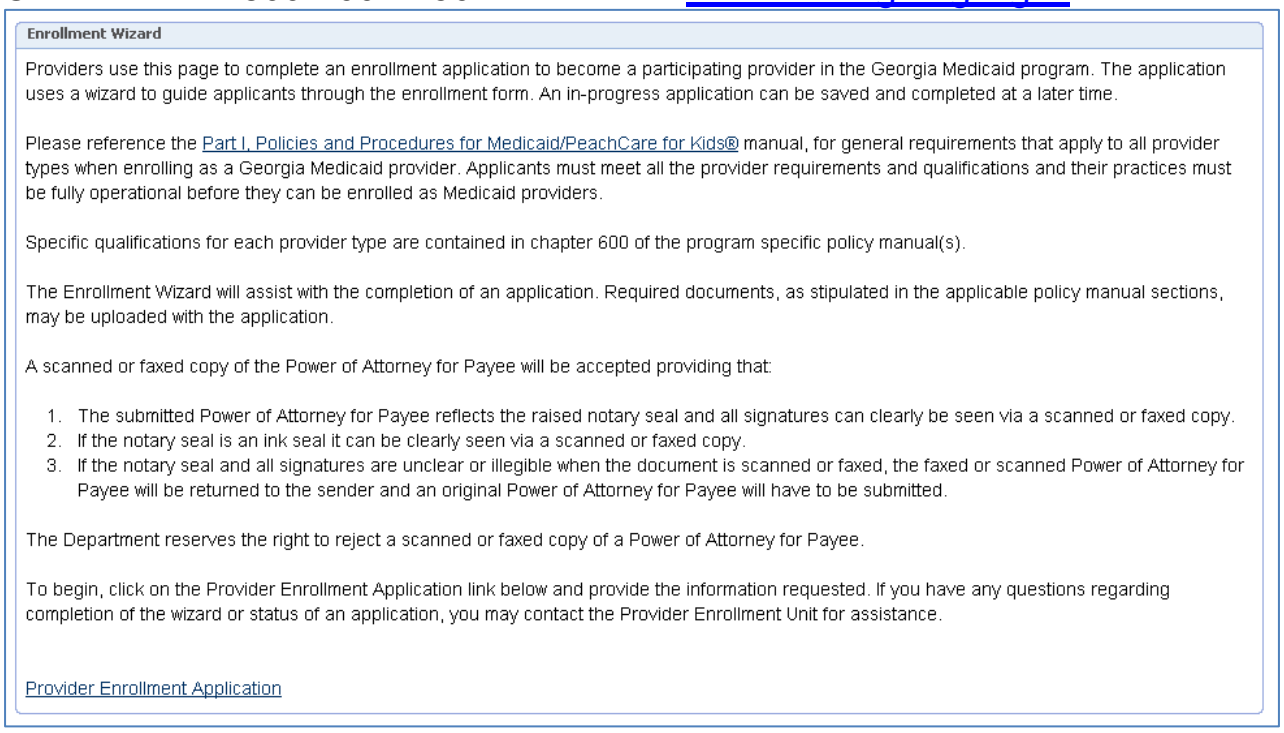

Per the Affordable Care Act (ACA), hospitals who meet the requirements of participation will be given the opportunity to become Qualified Hospitals by completing PE Medical Assistance training. The training requirement is met by attending a presumptive workshop and satisfactorily performing the training exercises.

Upon completion of the training, each hospital certifies that all QH requirements have been met by completing the QH Memorandum of Understanding (MOU) contract. Upon receipt of the MOU contract, the DCH Provider Enrollment Unit will add the QH specialty code to the provider's file and issue an approval notice to the provider showing the effective begin date for performing QH activities.

A hospital interested in becoming a QH should contact:

Enrollment Wizard

Providers use this page to complete an enrollment application to become a participating provider in the Georgia Medicaid program. The application uses a wizard to guide applicants through the enrollment form. An in-progress application can be saved and completed at a later time.

Please reference the Part I, Policies and Procedures for Medicaid/PeachCare for Kids® manual, for general requirements that apply to all provider types when enrolling as a Georgia Medicaid provider. Applicants must meet all the provider requirements and qualifications and their practices must be fully operational before they can be enrolled as Medicaid providers.

Specific qualifications for each provider type are contained in chapter 600 of the program specific policy manual(s).

The Enrollment Wizard will assist with the completion of an application. Required documents, as stipulated in the applicable policy manual sections, may be uploaded with the application.

A scanned or faxed copy of the Power of Attorney for Payee will be accepted providing that:

1. The submitted Power of Attorney for Payee reflects the raised notary seal and all signatures can clearly be seen via a scanned or faxed copy.
2. If the notary seal is an ink seal it can be clearly seen via a scanned or faxed copy.
3. If the notary seal and all signatures are unclear or illegible when the document is scanned or faxed, the faxed or scanned Power of Attorney for Payee will be returned to the sender and an original Power of Attorney for Payee will have to be submitted.

The Department reserves the right to reject a scanned or faxed copy of a Power of Attorney for Payee.

To begin, click on the Provider Enrollment Application link below and provide the information requested. If you have any questions regarding completion of the wizard or status of an application, you may contact the Provider Enrollment Unit for assistance.

203.1 Disqualification of a Hospital

DCH must take action, including, but not limited to, disqualification of a hospital as a qualified hospital if DCH determines that the hospital is not:

1. Making, or is not capable of making, PE determinations in accordance with applicable DCH policies and procedures; or
2. Meeting the DCH standard.
3. DCH may disqualify a hospital as a qualified hospital after it has provided the hospital with additional training or taken other reasonable corrective action measures to address the issue.

204 Responsibilities of a Qualified Hospital

- Make correct determinations of PE Medical Assistance;

- Email the complete PE Medical Assistance packet securely to DCH at pecorrections@dch.ga.gov, within five (5) business days of the PE determination results;

- Assist the applicant in completing a signed Single Streamlined Medical Assistance application;

- Inform the applicant in writing of the results of the PE Medical Assistance determination;

- Do not delegate the authority to determine PE to another entity.

205 2021 Hospital Presumptive Eligibility (HPE) Training Schedule

Training for 2021 will be a recorded training that staff will be able to view on their own. If a new employee needs to view the training to become certified in the HPE program, please send name and email address to Kunita Snead at kunita.snead@dch.ga.gov. The link to view the recorded training and training material will be sent to the new employee.

The refresher training will be a recorded training also. All PE Coordinators were sent the link for all staff to view. Please make sure to complete the sign in sheet and send to your PE Coordinator.

If you have any questions about training, please contact Kunita Snead at Kunita.snead@dch.ga.gov.

206 Services

PE provides Medical Assistance reimbursement for most services. PE does not cover labor and delivery services.

All limitations to services and other special requirements, such as prior approval, must be met for the service to be reimbursable. Claims must be submitted according to the directions of DCH policy within the time frames specified. Any questions regarding billing procedures should be directed to the DCH's fiscal agent, Gainwell Technologies.

For applicants approved for PE Pregnant Women, some dental coverage is included. For dental coverage, applicant should be given the DMA 635 form, *Attestation of Pregnancy* to have her doctor complete. Applicant should give the completed from to her dentist. Only limited services are covered.
Note: Dental coverage ends the day pregnancy is terminated.

Pharmacy updates take 24-48 hours to update in the Optum system (Optum is the DCH vendor for pharmacy). For emergency updates, PE Coordinators should send a request securely to pecorrections@dch.ga.gov the same day of the PE approval (send member's first name, last name and Medical Assistance ID#).

CHAPTER 300 GENERAL PROGRAM REQUIREMENTS

301 Right to Apply

§435.906 Opportunity to apply.

Any applicant will be given the opportunity to apply for PE Medical Assistance benefits without delay.

A PE Medical Assistance application may be made at any time even if there is a Medical Assistance application pending at the county DFCS office; however, PE applications cannot be completed for individuals that are receiving full Medical Assistance benefits or after the termination of pregnancy.

If the applicant is already active on another Medical Assistance Class of Assistance (COA), inform the applicant they are already active. PE is temporary Medical Assistance; therefore, do not complete a PE Medical Assistance application when the applicant is already active on full Medical Assistance except for Planning for Healthy Babies® (P4HB) aid categories 180 (Inter-Pregnancy Care-IPC) or 181 (Family Planning-FP). Refer to Appendix C for a brief overview of the COA.

If the applicant is active on P4HB (IPC or FP), complete the PE application, add approved PE to GAMMIS, complete the *PE Manual Updates* form to indicate 'Terminate P4HB' and email form along with 632H securely to DCH at pecorrections@dch.ga.gov.

If applicant is pregnant and active on Women's Health Medical Assistance (WHM), please inform applicant to contact their caseworker to report pregnancy or send secure email to womenshealth@dhs.ga.gov.

If applicant is pregnant and active on SSI, QH should complete the *SSI Pregnant Women Update* form and send form securely to DCH at pecorrections@dch.ga.gov.

If applicant is pregnant and active on QMB or SLMB, complete the PE application, add approved PE to GAMMIS, send PE packet securely to DCH at pecorrections@dch.ga.gov and in the body of the email, indicate applicant is active on Q-track also.

If applicant is pregnant and active on QI-1, have applicant complete the full Medical Assistance application (94a) only and send application securely to DCH at pecorrections@dch.ga.gov. **Subject line:** QI-1/Pregnant Applicant

If applicant is active on Inmate Medicaid, complete the PE application, ask applicant the release date, **DO NOT** add PE to GAMMIS, send release date and 632H securely to Kunita Snead at Kunita.snead@dch.ga.gov.

All other active Medical Assistance members are to be referred back to DFCS with their updates.

Note: Individuals who are inmates of a public institution are not eligible for PE Medical Assistance. Do not complete a PE application

The applicant is the primary source of information regarding PE. The QH will make the determination of eligibility based solely on the information obtained in the interview and will not require any verification or documentation of the applicant's statements.

PE policy does not allow for Emergency Medical Assistance (EMA) to be approved as PE. An applicant may not be refused a PE application if they are not a US Citizen, US National, or not a qualified immigrant.

These applicants will be given an application form 632H and informed that their PE application will be denied initially; however, the Medical Assistance application will be reviewed by the DFCS office and the applicant will be notified of the final disposition of the Medical Assistance application for EMA.

302 Confidentiality

Any information regarding the applicant, obtained for the purpose of determining PE, is considered confidential, including the name, address and benefits provided, and may not be disclosed to any persons or agencies other than those directly related to the administration of Medical Assistance known as covered entities.

The minimum necessary standard, a key protection of the HIPAA Privacy Rule, is based on protected health information will not be used or disclosed when it is not necessary to satisfy a particular purpose or carry out a function. The Department of Community Health (DCH) does not allow any applicant to be denied PE subjected to discrimination.

304 Notice and Informing

§435.913 Notice of agency's decision concerning eligibility.

An applicant is entitled to adequate notice of the results of the PE determination. They must be informed that their application for Medical Assistance has been forwarded to the DFCS for a formal determination of eligibility.

Follow the process outlined in Chapter 700 for approvals or denials.

305 Fair Hearing Rights

§431.205 Provision of hearing system.

PE is a temporary time limited Medical Assistance coverage, there are no hearing rights available at the time of the determination of PE or at the time the coverage ends.

An applicant is entitled to a fair hearing when DFCS makes a decision on their application for ongoing/retroactive Medical Assistance benefits.

306 Planning for Healthy Babies® (P4HB)

The Center for Medicare and Medicaid Services (CMS) approved a 10-year extension in August 2019 to the Planning for Healthy Babies® (P4HB) 1115

Demonstration Waiver. The P4HB demonstration covers Family Planning services to women ages 18 through 44 who are at or below 211 percent of the federal poverty level (FPL), who are U.S. Citizens and Georgia residents, who do not qualify for other Medicaid benefits and any other insurance coverage with the exception of vision or dental insurance, including Medicare or PeachCare for Kids®.

There are three levels of service under P4HB – Family Planning Services 181, Inter-Pregnancy Care Services 180, and Resource Mother 182-183 Services. P4HB covers Inter-Pregnancy Care (IPC) services, including primary care case management, for eligible women who have delivered a very low birth weight baby (VLBW) (birth weight less than 3 pounds 5 ounces) within three years of application date. Women, actively receiving Medical Assistance, that have delivered a VLBW baby, may receive services in the Resource Mother (RM) component of P4HB.

The primary goals of the P4HB program are to reduce: Georgia's low birth weight (birth weight less than 5 pounds 8 ounces) and very low birth weight (birth weight less than 3 pounds 5 ounces) rates; the number of unintended and high-risk pregnancies in Georgia; and Georgia's Medicaid costs by reducing the number of unintended pregnancies.

All applicants for PE Medical Assistance should be informed about P4HB regardless if they are approved or denied. Applicants can apply for P4HB online at www.gateway.ga.gov. Applications can be picked up at a local Health Department or local DFCS office.

Completed applications and required documentation should be faxed or mailed to:

Division of Family and Children Services

Albany, GA 31706
Fax: 912-632-0389

CHAPTER 400 APPLICATION AND ENROLLMENT PROCESS

401 Procedural Responsibilities of a Qualified Hospital

(QP)/Qualified Hospitals (QH) §435.1103 Presumptive eligibility for other individuals/SPA S94-1; S28-1; S28-2; S28-3; S28-4

The PE process involves several steps from the point of application with the QH through the final disposition of the applicant's Medical Assistance application by the DFCS teams.

1. The QH shall conduct an interview with the applicant at which time the provider shall:

   - advise the applicant they may be eligible for Medical Assistance benefits as a PE member and for full Medical Assistance benefits for ongoing and retroactive Medical Assistance coverage;

   - obtain adequate information from the applicant to complete the PE application (form 632H) and the HIPAA form (form 5460);

   - determine if the applicant meets the PE Medical Assistance eligibility criteria;

   - assist an applicant with completing the Single Streamlined Medical Assistance application and obtain the applicant's signature. If the applicant has proof of identity and/or citizenship obtain a copy for the Medical Assistance application. Refer to section 502 for the complete list of acceptable citizenship/qualified immigrant/identity documents.

2. For any applicant determined presumptively eligible, the QH shall:

   - perform an on-line entry of the application in GAMMIS or complete the *PE Manual Updates* form and send to DCH the same day the PE application was completed, for data entry when a QH does not have internet access to GAMMIS

   - provide the applicant with the Notice of Action-Approval form (634H) and a copy of the temporary Medical Assistance certificate;

   - email a copy of the complete PE Medical Assistance packet to DCH within five (5) business days upon completion of the PE Medical Assistance determination;

- inform the applicant of the PE period;

- provide the applicant with a copy of the HIPAA notice, Notice of ADA/Section 504 Rights, Quick Guide on PE Medical Assistance and *Understanding Medical Assistance* booklet, which explains the program and gives additional information;

- provide the applicant with the address and telephone number of the local DFCS office;

- provide the applicant with the P4HB information.

For any applicant determined **not eligible** for presumptive coverage, the QH shall:

- inform the applicant verbally and in writing via form 634H that they are not presumptively eligible;

- advise the applicant that if their circumstances change, they may have another determination of PE performed by a QH;

- inform the applicant that their application for Medical Assistance has been forwarded to the DFCS office for a formal determination of eligibility;

- forward the completed and signed PE Application (632H), HIPAA form (5460)-signature page, Notice of Action-denial (634H), Notice of ADA/Section 504 Rights and the Single Streamlined Medical Assistance application (94a) to DCH;

- provide the applicant with the address and telephone number of their DFCS office;

- provide the applicant with the HIPAA notice, Notice of ADA/Section 504 Rights and P4HB information.

APPROVED PE MEMBERS REPORTED CHANGES

For any certified presumptively eligible member who needs to report a change of address, the QH shall complete the *PE Manual Updates* form and send to DCH along with the 632H.

Correct addresses are needed so members can obtain Medical Assistance notifications and cards, their Care Management Organization (CMO) choice selection and ongoing information, and for NET (non-emergency transportation), etc.

Approved PE members will be auto enrolled into a CMO (Amerigroup, CareSource or Peach State) if approved for ongoing and/or retroactive Medical Assistance benefits. Inform them to talk to their providers regarding which Medical Assistance they accept so they know which CMO to choose.

CHAPTER 500 NON-FINANCIAL ELIGIBILITY REQUIREMENTS

§435.603 Application of modified adjusted gross income (MAGI); §435.403 State residence**/SPA S89-1; S89-2; S89-3; S28-3**

501 Determination of Budget Group

Non-income requirements for PE include Citizenship/Immigration status; Georgia Resident; pregnancy statement (for Pregnant Women); the appropriate age or being a Former Foster Care member when required by regulations.

In order to determine income eligibility for PE Medical Assistance coverage, it is necessary to determine who is included in the budget group. The budget group is comprised of those members of the household whose needs and net taxable income are included in the net taxable income comparison test. The budget group size determines the income limit used and how much net taxable income is used in the comparison to the income standard.

All household members will not necessarily be members of the budget group. In order to be included in the budget group, there must be a tax filer or non-tax filer relationship.

Definitions

APPLICANT- an individual who is seeking a PE Medical Assistance determination for himself or herself through a PE Medical Assistance application submission.

MEMBER- an individual who has been determined eligible and is currently receiving Medical Assistance.

TAX FILER- an individual who states they expect to file a tax return for the taxable year.

NON-TAX FILER- an individual who state they do not expect to file a tax return or does not expect to be claimed as a tax dependent by someone for the taxable year.

PARENT- natural, adoptive or step.

CARETAKER RELATIVE– any nonparent adult that a child is living with and who assumes primary responsibility for the dependent child's care (as

may, but is not required to, be indicated by claiming the child as a tax dependent for Federal income tax purposes).

DEPENDENT CHILD- a child (natural, adoptive, or step) who meets both of the following criteria:

(1) Is under the age of 19;

(2) Is deprived of parental support by reason of the death, absence from the home, physical or mental incapacity, or unemployment of at least one parent. A parent is considered unemployed if he or she is working less than 100 hours per month.

SIBLING- natural, adoptive or step.

NON-APPLICANT- an individual who is not seeking an eligibility determination for himself or herself but is included in an applicant's or beneficiary's budget group.

BUDGET GROUP- the number of persons counted as members of an individual's household. This is based on either a tax filer household or a non-tax filer household. The number in the budget group will determine what income limit is used.

TAX FILER HOUSEHOLD- the household consists of the taxpayer and all their tax dependents. All members of the tax filer's household are included in the budget group.

NON-TAX FILER HOUSEHOLD- the household consists of individuals who live together, do not expect to file a Federal tax return, and do not expect to be claimed as a tax dependent for the taxable year. Must include in the budget group:

- The individual's spouse;
- The individual's natural, adopted and step children under the age of 19; and
- The natural, adoptive and step siblings of those children.

TAX DEPENDENT- an individual expected to be claimed as a dependent by someone else for a taxable year. Tax dependents can only be claimed once per taxable year.

INDIVIDUALS CLAIMED AS A TAX DEPENDENT- an individual who expects to be claimed as a tax dependent by a taxpayer for the taxable year. The tax dependents are included in the tax filer's household.

Three (3) exceptions for claimed tax dependents:

- Individual(s) being claimed as a tax dependent by someone other than a parent; or
- Child(ren) living with both parents, expected to be claimed by only one parent as a tax dependent and the parents are not filing a joint tax return; or
- Child(ren) claimed as a tax dependent by a non-custodial parent. A court order or binding separation, divorce, or custody agreement establishing physical custody controls; or if there is no such order or agreement or in the event of a shared custody agreement, the custodial parent is the parent with whom the child spends most nights.

Note: If a taxpayer cannot reasonably establish that another individual is a tax dependent of a taxpayer for the tax year in which Medical Assistance is sought, the inclusion of such individual in the household of the taxpayer is determined.

MARRIED COUPLES- married couples living together; each spouse will be included in the household of the other spouse, regardless of whether they expect to file a joint tax return or whether one spouse expects to be claimed as a tax dependent by the other spouse.

> On June 26, 2015, the Supreme Court, in United States v. Obergefell ET AL. v. Hodges, Director, Ohio Department of Health, ET AL. held: The Fourteenth Amendment requires a State to license a marriage between two people of the same sex and to recognize a marriage between two people of the same sex when their marriage was lawfully licensed and performed out of state. As of June 26, 2015, Georgia recognizes same sex marriage for the Medicaid and PeachCare for Kids® programs. For Medicaid Modified Adjusted Gross Income (MAGI), Non-MAGI and PeachCare for Kids® programs the treatment of income and resources will be the same for same sex married couples and married couples of the opposite sex.

Pregnant Woman– each expected child is included in the budget group for PE Medical Assistance; pregnancy, and number of expected children, is based on the applicant's statement only. Only Pregnant Women and Presumptive Eligible (PE) Pregnant Women Medical Assistance allow multiple expected births to be included without medical verification of the number expected. All other Modified Adjusted Gross Income (MAGI) COAs need medical verification of multiple births; otherwise count a pregnant woman in the budget group as two (her and one unborn child).

As with income, the applicant's statement of citizenship/immigration status is acceptable. Verification of citizenship/immigrant status is not required; however, if the applicant does provide proof of citizenship/immigration status at the PE interview, copies should be made. Applicants should not be denied PE or the right to apply for the program because they cannot provide proof of citizenship/immigration status. The application should be denied when they indicate that they are not a U.S. Citizen/U.S. National or not a qualified immigrant. An affirmative entry on the Single Streamlined application (94a) meets the criteria for citizenship/ immigrant status. If the applicant declares 'Yes' for citizenship/immigration status for individual(s) in BG, the individual(s) will be determined presumptively eligible provided that they met the other eligibility requirements; the family net taxable income is at or below the allowable the Federal Poverty Level (FPL) income limit; they state they are pregnant; they are Georgia residents; they are a Former Foster Care members and

are the appropriate age per regulations.

The approved and denied PE Medical Assistance applications will be reviewed by the DFCS office to make a full Medical Assistance determination.

If the applicant is verbally unable to confirm citizenship or that they are not a qualified immigrant, then the QH will deny the PE Medical Assistance application and email the PE packet to DCH. DFCS will make a full determination for Emergency Medical Assistance (EMA). EMA cannot be completed in PE. QH will follow the procedures outlined in Chapter 703.

The applicant must be afforded the full opportunity to apply for PE Medical Assistance. This means all forms normally given during the course of the application process must be completed (PE Application-form 632H, HIPAA-form 5460 and the Single Streamlined Medical Assistance application-form 94a).

Visitors, tourists, foreign students and diplomats are not eligible.

CHAPTER 600 FINANCIAL ELIGIBILITY REQUIREMENTS

601 Definition of Income

§435.603 Application of modified adjusted gross income (MAGI)/SPA Attachment 2.5-A Page 12; S28-2; S10-1; S10-2

Income is money received by the budget group from any source. Money received may be earned or unearned. Earned income is compensation received in exchange for services rendered. It may be in the form of wages, salaries, commissions, or self-employment. Unearned income is money received for reasons other than for services rendered. It may be in the form of pensions, Social Security (RSDI) benefits or interest payments. MAGI-based income like taxable income, Social Security benefits, tax-exempt interest and foreign earned income are used in the PE Medical Assistance budgets.

Income may be received weekly, bi-weekly, semi-monthly, monthly, or some other payment schedule. Income received other than monthly must be converted to a monthly amount to perform the income comparison test for PE. The following table shows the conversion factor to use when determining monthly income. Deductions are calculated with the same conversion factor below.

IF PAID	THEN MULTIPLY BY
HOURLY	Number of hours worked per week x (times) the hourly wage x 4.3333 weeks.
WEEKLY	Weekly gross income x 4.3333
BI-WEEKLY	Bi-Weekly gross income x 2.1666
SEMI-MONTHLY	Semi-monthly gross income x 2
YEARLY	Divide the yearly gross income by 12.

602 Non-Taxable Income

There are some income types that are not included in the determination of eligibility because they have been defined as non-taxable income and are excluded under federal statute. Some examples of excluded income are adoption assistance payments, TANF (formerly AFDC) benefits, disaster relief assistance, earned income tax credits, energy assistance payments, child support, contributions and VA.

If the tax dependent/child has no other source of income and resides with a parent (biological, step, adopted), the Social Security RSDI income is excluded. RSDI of a tax dependent/child is countable only if the tax dependent/child has OTHER income that meets the IRS tax filing threshold for tax dependents or if the child does not reside with a parent and is not claimed as a tax dependent by his or her parent.

Income received from these sources is not included in any budget calculations to determine PE Medical Assistance. A list of exempt sources is included in Appendix I.

603 Income Eligibility Limits

Income limits for PE Medical Assistance are based on a percentage of the federal poverty level. The income limit used is determined by the number of people included in the budget group.

The income limit for each budget group size is given below and is included in Appendix M.

Modified Adjusted Gross Income Limits Effective March 1, 2021

Budget Group	5% Deduction	Parent/Caretaker with Children under age 19	133% Children 6-19	149% Children 1-5	205% Children 0-1	220% PGW
1	54	310	1,428	1,600	2,201	N/A
2	73	457	1,931	2,163	2,976	3,194
3	92	551	2,434	2,727	3,752	4,026
4	111	653	2,938	3,291	4,528	4,859
5	130	752	3,441	3,855	5,303	5,691
6	149	826	3,944	4,418	6,079	6,523
7	168	903	4,447	4,982	6,854	7,356
8	187	970	4,950	5,546	7,630	8,188
9	205	1,034	5,453	6,109	8,405	9,020
10	224	1,113	5,957	6,673	9,181	9,853
11	243	1,194	6,460	7,237	9,957	10,685
12	262	1,244	6,963	7,801	10,732	11,517

To be presumptively eligible for Medical Assistance benefits, the monthly budget group net income must not exceed the monthly income standard for the budget group size. Net income must be less than or equal to the income limit to establish eligibility. Net income is gross minus allowable deductions.

The income limits are based on the Federal Poverty Level (FPL) and change each time the poverty level changes. This change usually occurs in February, and the new limits are effective beginning on the first day of March. The limits are issued as soon as they are received from the U.S. Department of Health and Human Services.

604 Determination of MAGI-based Income

Unless specifically exempt, or otherwise excluded from consideration, all MAGI-based income of the budget group must be counted in the PE Medical Assistance determination.

In addition to those income sources identified as exempt or excludable by statute, there are allowable deductions available to offset the gross income.

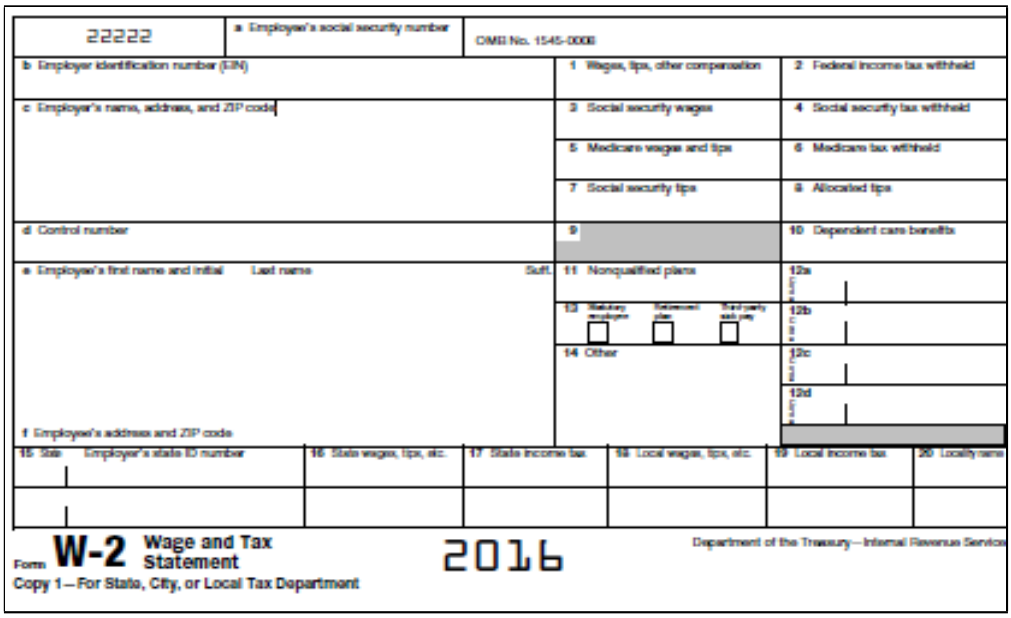

The three allowable deductions are:

- Pre-tax deductions
- Form 1040 deductions
- 5% FPL deduction (only use if needed to make individual(s) eligible)

Note: MAGI-based income of the applicant's child, who is under the age of 19, is excluded, if they are not required to file a tax return.

Pre-tax Deductions

Pre-tax deductions are removed from gross income before taxes are applied. The most common types are health Insurance, dental insurance, vision insurance, etc. Not every income amount deducted from gross income is considered a pre-tax. Line 1 on the W2 form is what is entered on Line 7 of the tax return form 1040.

605 Earned Income

Earned income refers to the gross earnings of an individual received in the form of wages, tips, salaries or commissions, as payment for performing work duties, including self-employment.

When determining the income to be included from self-employment activities for the income comparison test, consider net income to be the total profit from the business. Net income is determined by deducting business expenses (those costs directly related to producing the goods or services that are allowable IRS deductions). The applicant's statement regarding gross income, receipts and costs of doing business, is accepted as establishing the amount of net income to be included in the financial calculation. The applicant may state an amount equal to the net income amount for a stated period.

Rental income is the only self-employment income that can be budgeted as earned or unearned income, depending on the number of hours an applicant is engaged in property management.
If the applicant is actively involved in property management for at least 20 hours per week, count the net income (gross income less the cost of doing business) as earned income.
If the applicant is not actively involved in property management as least 20 hours per week, count the net income (gross income less the cost of doing business) as unearned income.

When an individual receives food, shelter, clothing or some alternative payment other than cash for performing work activities, the value of these items is disregarded for the purposes of determining financial eligibility. These items are considered in-kind benefits that have no direct monetary value to the budget unit for purposes of meeting daily needs.

See Appendix I for a chart Income.

Fluctating Income
Paid/Receives $150, $165, $200 = 150 + 165 + 200 = 515 / 3 = $171.66
gross weekly = $171.66 x 4.3333 = $743.85
gross bi-weekly = $171.66 x 2.1666 = $371.91
gross twice a month = $171.66 x 2 = $343.32

CHAPTER 700 PROCEDURES FOR PROCESSING APPLICATIONS

701 On-Line Procedures

The on-line process allows certain information contained on the completed PE application (form 632H) to be data entered into the GAMMIS system. Data entry of this information allows immediate update of the DCH/GAMMIS file and immediate generation of a Medical Assistance identification number.

The on-line process does not eliminate the interview with the applicant and perform the eligibility determination. Further, the on-line process does not eliminate completion of appropriate forms. Only certain information contained on the completed PE application form 632H is involved in the automated process.

702 Approvals

Only information from approved PE Medical Assistance applications can be entered into the GAMMIS system. The completed PE Medical Assistance application (632H) contains certain data elements that can be entered directly in the GAMMIS system.

When it is determined that the applicant is eligible, and an approval is appropriate for PE Medical Assistance, adhere to the following procedures:

1. Enter the data from the PE application in the appropriate fields. When processing over the Internet, the member's identification number will be issued by the system if they don't already have a number.

2. If all data are entered correctly, the system will allow production of a temporary Medical Assistance certificate. Give the applicant a copy of the temporary Medical Assistance certificate and Notice of Action-Approval (634H). In addition to serving as a temporary Medical Assistance certificate, this document serves as a notice to the applicant that they are approved for Medical Assistance. Instruct the applicant to present this document to his/her provider as proof of Medical Assistance eligibility.

3. Within five (5) business days of completing the PE application, email the PE packet to DCH at pecorrections@dch.ga.gov. The DFCS office will review the member's eligibility for ongoing and retroactive Medical Assistance (if requested).

Note: Qualified hospitals are encouraged to exercise care when executing the online process. Errors on a Presumptive Eligibility record will cause denials or delays in the payment of claims.

After the system accepts the information and issues a member identification number if applicable, errors on a record, such as an incorrect date of birth, wrong social security number, or improper spelling of a name, duplicate ID number issued, etc. cannot be corrected through the system. These must be corrected by DCH.

QH should complete *the PE Manual Updates* form and email along with the PE application (632H) to DCH at pecorrections@dch.ga.gov. Complete only the section(s) that need to be updated. DCH will complete updates the same business day if received by 5:00 pm. If received after 5:00 pm or on the weekend, updates will be completed the next business day.

The *PE Manual Updates* form can be found in Appendix F and are located on the GAMMIS web portal.

702.1 Manual Approvals

Only approved applications are to be sent to GAMMIS for data entry. The manual procedure is to be followed only when the qualified hospital does not have access to the internet or error occurs when trying to add PE eligibility to GAMMIS.

When it is determined that the applicant is eligible, and an approval is appropriate for PE Medical Assistance, adhere to the following procedures:

1. Complete a form 634H, Notice of Action-Approval and give the applicant a copy. Let them know that they should present this approval notice to their medical care and pharmacy providers.

2. Complete the PE Manual Updates form and email along with the PE application (632H) to DCH. Only complete the section(s) on the form that need to be updated.

3. Within five (5) calendar days of completing the PE application, email the PE packet to DCH at pecorrections@dch.ga.gov.

PE Packets Include:
PE Application (632H)
Notice of Action - Approval (634H)
HIPAA (5460) (signature page
only)
Notice of ADA/Section 504 Rights
Single Streamlined Medical Assistance Application (94a)
Third Party Liability (DMA 285), if applicable
Any verification applicant provides

703 Denied Applications

If there is a qualifying member when the PE Medical Assistance application is denied, the data can be entered on the GAMMIS System.

Reasons for denial are:

1) The applicant is not a U.S. Citizen, U.S. National, or qualified immigrant.
2) The applicant's net family taxable income is above the allowable percentage of the federal poverty level limit.
3) The applicant is not a Georgia resident.
4) The applicant is not the appropriate age for the PE Medical Assistance.
5) The applicant is not a Former Foster Care child
6) The applicant states she is not pregnant.
7) The applicant refuses to verbally give tax status information, unable to determine.

After the qualifying member, has been entered, on the GAMMIS system, then the denied member is entered, and the correct denial reason can be selected from the drop-down box. If after the completion of a PE application form 632H, and it is determined that there are no qualified applicants, the application is to be **denied** for PE. Then, adhere to the

following instructions:

1. Complete and give the applicant a copy of the form **634H, Notice of Action-Denial**. In the case of a denial, this is the **only** form the applicant receives.

2. Within five (5) business days of completing the PE application, email the PE packet to DCH at pecorrections@dch.ga.gov.

Note: Since single denied applicants cannot be entered, all QH offices, including those with Internet access, must follow these procedures for denials.

PE Packets Include:
PE Application (632H)
Notice of Action - Denial (634H)
HIPAA (5460) (signature page only)
Notice of ADA/Section 504 Rights

16. Who is a Green Card Holder (Permanent Resident)?

A Green Card holder (permanent resident/Qualified Alien) is someone who has been granted authorization to live and work in the United States on a permanent basis. As proof of that status, a person is granted a permanent resident card, commonly called a

"Green Card."

An immigrant can become a permanent resident several different ways. Most immigrants are sponsored by a family member or employer in the United States. Other may become permanent residents through refugee or asylee status or other humanitarian programs. In some cases, immigrants may be eligible to file for themselves.

This page can be found at: http://www.uscis.gov/greencard.

17. When does time as a Permanent Resident begin?

Permanent Resident begins on the date they were granted permanent resident status. This date is on their Permanent Resident Card (formerly known as an “Alien Registration Card” or “Green Card”).

Sample: This is what the new US green card looks like.
On May 11, 2010, USCIS announced a redesigned Green Card. The Green Card will now be colored green for easy recognition. The Green Card redesign is the latest advance in USCIS's ongoing efforts to deter immigration fraud. State-of-the-art technology incorporated into the new card prevents counterfeiting, obstructs tampering, and facilitates quick and accurate authentication. Beginning May 11, 2010, USCIS will issue all Green Cards in the new, more secure format. USCIS will replace Green Cards already in circulation as individuals apply for green card renewal or green card replacement.

The temporary Form I-551 MRIV is evidence of permanent resident status for one year from the date of admission.

Temporary I-551 printed notation on a machine-readable immigrant visa (MRIV)

When an immigrant has been granted admission into the U.S. by an Immigration Inspector at an authorized Port of Entry, he/she will be issued an 1-94, ARRIVAL/DEPARTURE RECORD, which is stapled to a page in the passport. This document will explain how long the bearer may remain and the terms of admission.

What is an I-94 Form (Arrival-Departure Record, Form I-94 Card)?
As a nonimmigrant, a U.S. Customs and Border Protection (CBP) I-94 Form (Arrival-Departure Record, Form I-94 Card) or Form I-95 (Crewman's Landing Permit) shows the date you arrived in the United States and the "Admitted Until" date, the date when your authorized period of stay in the US expires.

Student Visa Overview
There are three major types of student visas that an international student can come on to the United States to study. Student visas are issued for the period it takes the visitor to complete his/her course of study, program or work assignment.

1. F1 Visa: Academic Studies
For people who want to study or conduct research at an accredited U.S. College or University. In order to be qualified for getting an F1, you must be accepted by a recognized university as a full-time student. You must also prove the sufficient proof of financial support during this stay in United States. Except for the training required by the course a F-1 holder cannot work in the United States.

2. J Visa: Academic Studies as an Exchange Visitor
For people who will be participating in an exchange visitor program in the U.S. The J Visa is the primary visa for educational and cultural exchange programs.

3. M Visa: Non-Academic or Vocational Studies
For people who want to study or train at non-academic institutions in the U.S. such as vocational schools.

Business Visa
For those visiting USA temporarily on a business visa, also known as **B1** visa.

Work Visa
The **H1B** visa is an employment-based, non-immigrant visa category for temporary workers. For such a visa, an employer must offer a job and apply for your H1B visa petition with the US Immigration Department. This approved petition is a work permit which allows you to obtain a visa stamp and work in the U.S. for that employer.

A spouse and children (age under 21) of H1 visa holders can qualify for **H4** visa. H4 visa holders are not permitted to work in U.S. They will accompany a legally employed person in the United States on a dependent visa.

Visitor VISA

USA Visitor Visa is a tourist visa to US. It is also known as **B2** Visa. Visitor visa is a non-immigrant visa issued to people entering US temporarily for pleasure, tourism, or medical treatment. Any foreign citizen including parents who wants to visit USA for tourism, visiting children, family, friends, relatives, attending special events, family functions, ceremonies, or for medical treatment may qualify and can apply for Visitor Visa.

NOTICE TO MEMBER:

Your eligibility under this special program stops when the county Division of Family and Children services makes the decision for your continuing eligibility. When you applied for this special coverage, you can also apply for ongoing and/or retroactive Medical Assistance. When a decision is made on your Medical Assistance eligibility, you will receive a written explanation regarding your continuing eligibility for Medical Assistance. If you disagree with the decision on your continuing eligibility, you may request a hearing on that decision. Because presumptive eligibility is a temporary coverage, you are not entitled to a hearing when your presumptive coverage stops.

SINGLE STREAMLINED MEDICAL ASSISTANCE APPLICATION

This form is used to apply for ongoing and retroactive Medical Assistance benefits. The applicant must complete this document as part of the Presumptive Eligibility application process. It should be included in the Presumptive Eligibility package and email the PE packet to DCH at pecorrections@dch.ga.gov. These documents are available in English and Spanish.

Notice of ADA/Section 504 Rights

Help for People with Disabilities

The Georgia Department of Human Services and the Georgia Department of Community Health ("the Departments") are required by federal law* to provide persons with disabilities an equal opportunity to participate in and qualify for the Departments' programs, services, or activities. This includes programs such as SNAP, TANF and Medical Assistance.

The Departments provide reasonable modifications when the modifications are necessary to avoid discrimination based on disability. For example, we may change policies, practices, or procedures to provide equal access. To ensure equally effective communication, we provide persons with disabilities or their companions with disabilities communication assistance, such as sign language interpreters. Our help is free. The Departments are not required to make any modification that would result in a fundamental alteration in the nature of a service, program or activity or in undue financial and administrative burdens.

How to Request a Reasonable Modification or Communication Assistance

Please contact your caseworker if you have a disability and need a reasonable modification, communication assistance, or extra help. For instance, call if you need an aid or service for effective communication, like a sign language interpreter. You may contact your caseworker or call DFCS at 404-657-3433 or DCH at 678-248-7449 to make your request. You may also make your request using the DFCS ADA Reasonable Modification Request Form, which is available at your local DFCS office or online at https://dfcs.georgia.gov/adasection-504-and-civil-rights, or you may obtain the DCH ADA Reasonable Modification Request Form at the DCH Katie Beckett (KB) Team office or online at https://medicaid.georgia.gov/programs/all-programs/tefrakatie-beckett, but you do not have to use a form.

How to File a Complaint

You have the right to make a complaint if the Departments have discriminated against you because of your disability. For example, you may file a discrimination complaint if you have asked for a reasonable modification or sign language interpreter that has been denied or not acted on within a reasonable time. You can make a complaint orally or in writing by contacting your case worker, your local DFCS office, or the DFCS Civil Rights, ADA/Section 504 Coordinator at 2 Peachtree Street N.W., Ste 19-454, Atlanta, GA, 30303, 404-657-3735. For DCH, contact the KB TEAM ADA/Section 504 Coordinator at: 2211 Beaver Ruin Road, Suite 150, Norcross, GA 30071 or P.O. Box 172 Norcross, GA. 30091, 678-248-7449.

You can ask your case worker for a copy of the DFCS civil rights complaint form. The complaint form is also available at https://dfcs.georgia.gov/adasection-504-and-civil-rights. If you need help making a discrimination complaint, you may contact the DFCS staff listed above. Individuals who are deaf or hard of hearing or who may have speech disabilities may call 711 for an operator to connect with us.

You may also file a discrimination complaint with the appropriate federal agency. Contact information for the U.S. Department of Agriculture (USDA) and U.S. Department of Health and Human Services (HHS) is within the "USDA-HHS Joint Nondiscrimination Statement" included within.

**Section 504 of the Rehabilitation Act of 1973; Americans with Disabilities Act of 1990; and the Americans with Disabilities Act Amendments Act of 2008 ensure persons with disabilities are free from unlawful discrimination.*

Aviso de derechos según la Ley de Estadounidenses con Discapacidades (ADA)/sección 504

Ayuda para personas con discapacidad

La ley federal* exige que el Departamento de Servicios Humanos de Georgia y el Departamento de Salud Comunitaria de Georgia ("los Departamentos") brinden a las personas con discapacidad la misma oportunidad de participar y reunir los requisitos para los programas, los servicios o las actividades de los Departamentos. Esto incluye programas como SNAP (Programa de Asistencia Nutricional Suplementaria), TANF (Asistencia Temporal para Familias Necesitadas) y Asistencia Médica.

Los Departamentos brindan modificaciones razonables cuando son necesarias para evitar la discriminación basada en la discapacidad. Por ejemplo, podemos cambiar políticas, prácticas o procedimientos para brindar acceso equitativo. Para garantizar una comunicación igualmente efectiva, brindamos asistencia de comunicación a las personas con discapacidad o sus acompañantes con discapacidad, como intérpretes de lengua de señas. Nuestra ayuda es gratis. Los Departamentos no están obligados a realizar ninguna modificación que resulte en una alteración fundamental en la naturaleza de un servicio, un programa o una actividad o en cargas financieras y administrativas indebidas.

Cómo solicitar una modificación razonable o asistencia de comunicación

Comuníquese con su asistente social si tiene una discapacidad y necesita una modificación razonable, asistencia de comunicación o ayuda adicional. Por ejemplo, llame si necesita ayuda o servicio para una comunicación efectiva, como un intérprete de lengua de señas. Puede comunicarse con su asistente social o llamar al DFCS (Departamento de Servicios para la Familia y los Niños) al 404-657-3433 o al DCH (Departamento de Salud Comunitaria) al 678-248-7449 para hacer su solicitud. También puede realizar su solicitud utilizando el formulario del DFCS para solicitud de modificación razonable en virtud de la ADA (Ley para Estadounidenses con Discapacidades), que está disponible en la oficina local del DFCS o en línea en https://dfcs.georgia.gov/adasection-504-and-civil-rights. Además, puede obtener el formulario del DCH para solicitud de modificación razonable en virtud de la ADA en la oficina del equipo Katie Beckett (KB) del DCH o en línea en https://medicaid.georgia.gov/programs/all-programs/tefrakatie-beckett, pero no es necesario usar un formulario.

Cómo presentar una queja

Tiene derecho a presentar una queja si los Departamentos lo han discriminado por su discapacidad. Por ejemplo, puede presentar una queja por discriminación si ha solicitado una modificación razonable o un intérprete de lengua de señas que se le hayan negado o que no se hayan resuelto en un plazo razonable. Puede presentar una queja verbalmente o por escrito comunicándose con su asistente social, la oficina local del DFCS o el coordinador de derechos civiles y de la ADA/Sección 504 del DFCS en 2 Peachtree Street N.W., Ste 19-454, Atlanta, GA, 30303, 404-657-3735. Para el DCH, comuníquese con el coordinador del equipo KB y la ADA/Sección 504 en 2211 Beaver Ruin Road, Suite 150, Norcross, GA, 30071, o P.O. Box 172, Norcross, GA 30091, 678-248-7449.

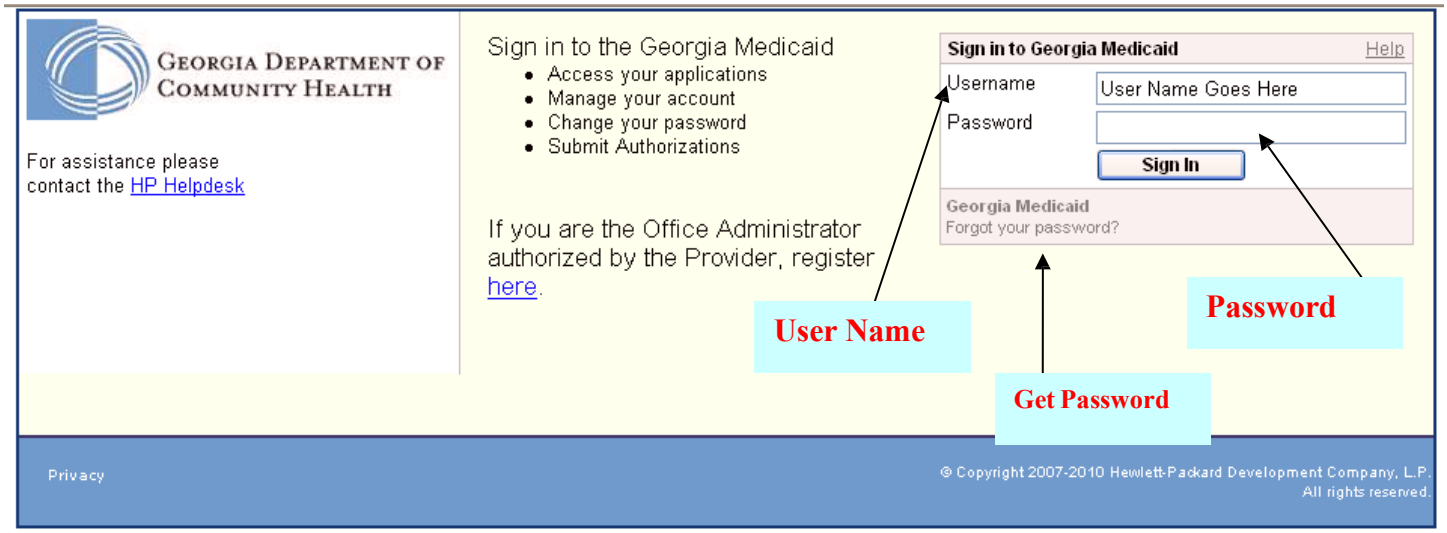

Puede pedirle a su asistente social una copia del formulario de queja de derechos civiles del DFCS. El formulario de queja también está disponible en: https://dfcs.georgia.gov/adasection-504-and-civil-rights. Si necesita ayuda para presentar una queja por discriminación, puede comunicarse con el personal del DFCS mencionado anteriormente. Las personas sordas o con problemas de audición, o que tengan discapacidades del habla, pueden llamar al 711 para que un operador se conecte con nosotros.

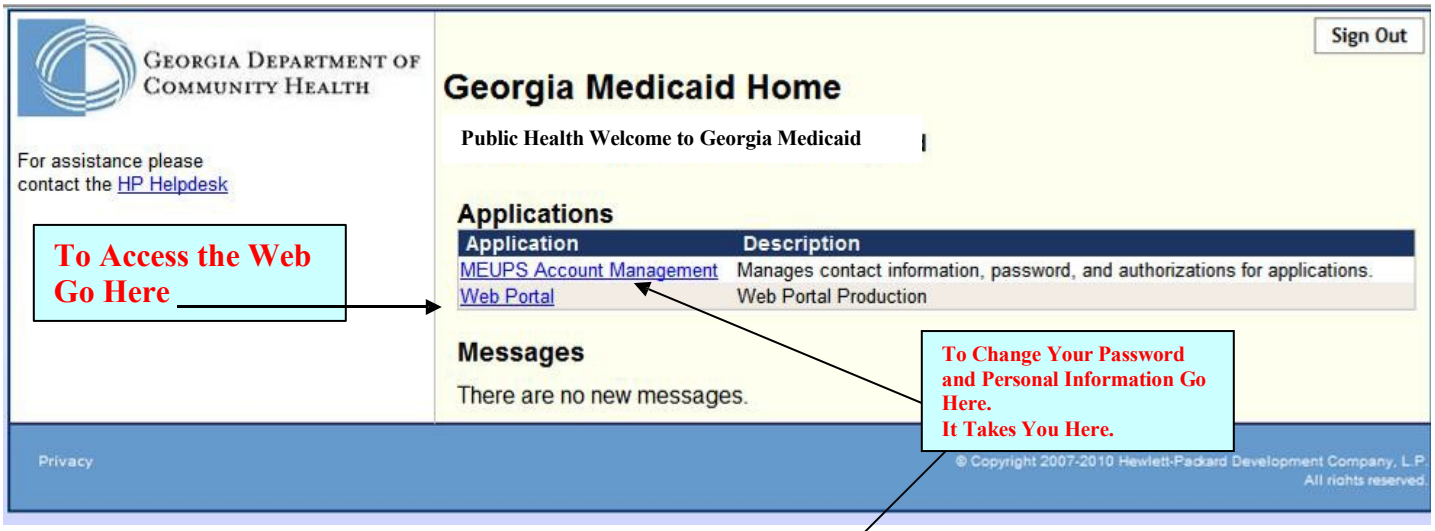

También puede presentar una queja por discriminación ante la agencia federal correspondiente. La información de contacto del Departamento de Agricultura de los EE. UU. (USDA) y del Departamento de Salud y Servicios Humanos de los EE. UU. (HHS) se encuentra dentro de la "Declaración conjunta de no discriminación del USDA-HHS" incluida.

Last illness and burial expenses include related hospital and medical expenses; funeral, burial plot, and interment expenses; and other related expenses. Verify all last illness and burial expenses. If verification (e.g., bills, receipts, contact with provider, etc.) cannot be obtained, accept the individual's signed allegation. If an expense has been incurred but not paid, assume the individual will pay the expense unless you have reason to question the situation. No follow-up is required if the assumption is applied. Use judgment to determine whether an expense is reasonably related to the last illness and burial. It is expected that related expenses may include such items as new clothing to wear to the funeral, food for visiting relatives, taxi fare to and from the hospital and funeral home, etc.

RE: Same Sex Marriage - How do we treat Income and Resources?

Question:

If we have a same sex married couple, how do we treat income and resources, both if they indicate they file jointly or indicate they file separately. How do we determine who gets included in a Parent/Caretaker with children budget, if income eligible?

Response:

On June 26, 2015, the Supreme Court, in United States v. Obergefell ET AL. v. Hodges, Director, Ohio Department of Health, ET AL. held:" The Fourteenth Amendment requires a State to license a marriage between two people of the same sex and to recognize a marriage between two people of the same sex when their marriage was lawfully licensed and performed out of state." In addition "The Court, in this decision, holds same-sex couples may exercise the fundamental right to marry in all States. It follows that the Court also must hold – and it now does hold – that there is no lawful basis for a State to refuse to recognize a lawful same-sex marriage performed in another State on the ground of its same-sex character." Governor Deal states Georgia will abide by the Federal law. As of June 26, 2015 Georgia recognizes same sex marriage for the Medicaid and PeachCare for Kids® programs.

For Medicaid Modified Adjusted Gross Income (MAGI), Non-MAGI and PeachCare for Kids® programs the treatment of income and resources will be the same for same sex married couples and married couples of the opposite sex.

Please note we do not count resources in MAGI.

Please update the Office of Family Independence Medicaid procedures manual to reflect this change throughout. Also, issue a numbered bulletin to expedite the dissemination of this information. If you have any questions or need additional information please contact Karen Y. Houston at 404-657-7270.

FROM Yvonne Greene, Eligibility Program Director 2
DCH Medicaid Eligibility & Policy

RE: Social Security Retirement, Survivor's, Disability Insurance (RSDI) Income of Tax Dependents for Modified Adjusted Gross Income (MAGI) based Medicaid and PeachCare for Kids® determinations.

BACKGROUND

The Patient Protection and Affordable Care Act of 2010 required the use of new financial methodologies when determining Medicaid eligibility for MAGI classes of assistance. This methodology redefines the financial household by utilizing the tax filing status of an applicant or beneficiary. The household composition rules are applied to classes of assistance that are required to use MAGI methodology to determine household taxable income and eligibility

PURPOSE

To provide additional clarification on Social Security RSDI received by a tax dependent child for MAGI based budgeting based on the Affordable Care Act (ACA) effective January 1, 2014.

If the tax dependent/child has no other source of income and resides with a parent (biological, step, adopted), the Social Security RSDI income is excluded. RSDI of a tax dependent/child is countable only if the tax dependent/child has OTHER income that meets the IRS tax filing threshold for tax dependents or if the child does not reside with a parent and is not claimed as a tax dependent by his or her parent.

Note: The filing threshold is applied based on whether the individual should file a tax return. If the individual does not file, the threshold still applies.

The current (2013) IRS tax filing thresholds for tax dependents are:

- $6100 annually for EARNED income
- $1000 annually for UNEARNED income

Note: RSDI does NOT count toward the unearned threshold.

Note: The 2014 IRS tax filing thresholds will begin in January 2015.

Please update the Office of Family Independence Medicaid procedures manual to reflect this clarification. Also, issue a numbered bulletin to expedite the dissemination of this information. If you have any questions or need additional information please contact Karen Y. Houston at khouston@dch.ga.gov or 404-657-7270 or Mollie Elder at melder@dch.ga.gov or 404-463-8369.

RE: Clarification: 5% MAGI FPL deduction

DCH understands that the SUCCESS system is not currently programmed to correctly apply the 5% Modified Adjusted Gross Income (MAGI) Federal Poverty Level (FPL) deduction. Application of this deduction will be corrected with the implementation of the new Georgia Integrated Eligibility System, Georgia Gateway. This policy memo is to align policy correctly so that staff are trained appropriately in preparation for IES implementation.

This memo will provide clarification of the application of the 5% MAGI FPL deduction in the MAGI budget when determining eligibility for Medical Assistance benefits.

Section 2669-MAGI Budgeting in the Office of Family Independence Medicaid manual, states that a tax filer budget group's net taxable income is determined by deducting the following from the Budget Group's (BG) gross income:

- Cost of doing business for self-employed or farming/fishing individuals.
- Before-Tax deductions
- 1040 deductions
- MAGI 5% FPL deduction

The net taxable income is then compared against the FPL for the BG size to determine eligibility for Medical Assistance categories.

This memo clarifies that the MAGI 5% deduction is NOT applied at this point, but that Net Taxable income is determined by deducting the cost of doing business for self-employed or farming/fishing individuals; before-Tax deductions; or any 1040 deductions and THEN compared against the FPL for the BG size. If the BG's Net Taxable income puts the individuals requesting assistance over the income limit for MAGI Medical Assistance, then the 5% deduction is applied only if it will bring the BG under the income limit. If the MAGI household would NOT be eligible with the 5% deduction for MAGI Medicaid continue the Medical Assistance eligibility determination for the children with PeachCare for Kids® or Medically Needy Medicaid.

Procedures beginning on Section 2669-1 should be revised to read as in the enclosure.

Please update the Office of Family Independence Medicaid manual and notify field staff of the clarification of the 5% MAGI FPL deduction prior to pilot of Georgia Gateway. Please contact Yvonne Greene at 404-463-2135 or ygreene@dch.ga.gov or Jonathan Duttweiler at 404-651-9981 or jduttweiler@dch.ga.gov if you have additional questions.

PROCEDURES	Follow the steps below to determine eligibility for MAGI COAs.
Step 1	Deduct any pre-tax deductions to determine the Modified Adjusted Gross Income of the BG.
Step 2	For self employed individuals, deduct all allowable IRS deductions. Refer to Section 2415, Self-Employment.
Step 3	Select the appropriate income limit; either the Parent/Caretaker limit, or the appropriate Pregnant Women or Children Under 19 limit using the criteria below. Refer to Appendix A2, Financial Limits for Family Medicaid. • 220% of the FPL for pregnant women and infants born to Medicaid-eligible women **NOTE:** Infants born to Medicaid-eligible mothers are considered to have met the Newborn Medicaid income limit, regardless of the budget group's income at the time of delivery. • 205% of the FPL for children, birth through the month the child reaches age one for children who are ineligible for Newborn Medicaid. • 149% of the FPL for children age one through the month in which the child turns age six.133% of the FPL for children age six through the month in which the child turns age 19. • Parent/Caretaker with Child(ren) limit for Parent/Caretaker with Child(ren) COA.

Step 4	Compare the MAGI amount to the appropriate income limit for the BG size. • If the net countable income is less than or equal to the appropriate income level, approve the AU members for Medical Assistance • . • If the net countable income exceeds the appropriate income level for the BG size, proceed to Step 5.
Step 5	Subtract from the net income the MAGI 5% deduction for the appropriate 100% FPL for the household size. Please refer to Appendix A-2 for the deduction amounts for each household size. • If the net countable income is now less than or equal to the appropriate income level, approve the AU members for the appropriate Medical Assistance category. • If the net countable income still exceeds the appropriate income level for the BG size, the AU members are ineligible for that category of Medical Assistance. If ineligible for Parent/Caretaker with Child(ren), continue the eligibility determination to Children Under 19 coverage. If ineligible for Children Under 19 coverage, review for eligibility under PeachCare for Kids® (PCK or Medically Needy Medicaid. **NOTE:** Because the Children Under 19 income limits vary based on the age of the child, it is possible that a child(ren) may be eligible for Medical Assistance while another child(ren) in the same BG may be ineligible. Continue the eligibility determination as indicated above for an ineligible child(ren) in a budget group.

RE: Clarification to Declaration of Citizenship/Immigration Status

DATE: September 11, 2018

On November 30, 2016, the Department of Health and Human Services (DHHS), Centers for Medicare and Medicaid Services (CMS) issued its final rule for provisions of the Affordable Care Act (ACA). One of the final provisions was proposed at 42 CFR §435.406(a)(3).

42 CFR §435.406(a)(3) states, "a declaration of citizenship or satisfactory immigration status may be provided, in writing and under penalty of perjury, by an adult member of the individual's household, an authorized representative, as defined in §435.923, or if the applicant is a minor or incapacitated, someone acting responsibly for the applicant provided that such individual attests to having knowledge of the individual's status".

The language in the final rule was revised to clarify that to make declaration on another person's behalf, the individual must attest to having knowledge of the person's citizenship or immigration status. Examples of individuals who might have knowledge of another person's citizenship or immigration status and can make declaration on another person's behalf include: parent, spouse, friend, an adult family member, friend or acquaintance who can attest to knowing the person's status.

Effective immediately, any individual age 18 or older included in the application does not have to sign the application or a separate declaration of citizenship (Form 216) unless the applicant does not have knowledge of the person's citizenship or immigration status.

Please immediately inform staff of this clarification, update section 2215 of the Office of Family Independence Medicaid Manual, and submit Change Requests for any needed revisions in Georgia Gateway. If you have any questions or need additional information, contact Kunita Snead at 404-463-6234 or Kunita.snead@dch.ga.gov.

RE: Compact of Free Association (COFA) Migrants

DATE: July 16, 2021

The purpose of this memorandum is to provide new policy as it relates to Section 208 of the Consolidated Appropriations Act, 2021-COFA migrant Medicaid extension.

COFA Migrants Medicaid Extension

Effective December 27, 2020, section 208 of the Consolidated Appropriations Act, 2021 requires states and the District of Columbia (DC) to provide Medicaid coverage for individuals who are considered Compact of Free Association (COFA) migrants (also referred to as compact citizens).
The COFA Medicaid extension due to this legislation does not extend to PeachCare for Kids®.

COFA is an agreement between the United States and the three Pacific Islands sovereign states of Federated States of Micronesia, the Republic of the Marshall Islands, and the Republic of Palau, known as Freely Associated States.

Citizens of these Freely Associated States known as COFA migrants are to be considered "qualified non-citizens" and are not required to meet the 5-year waiting period required of other non-citizen immigrants.

DFCS must collect information regarding eligible immigration status on the Medical Assistance application and verify the immigration status of applicants through the SAVE program. (1137(d) of the Social Security Act; 42 CFR 435.406)

If unable to promptly verify citizenship or immigration status, Medical Assistance should be provided during a 90-day reasonable opportunity period (ROP) to applicants who attest to citizenship or have an eligible immigration status and meet all other eligibility requirements for Medical Assistance.

Until updates are made by the Federal Data Services Hub (FDSH) and the Federally Facilitated Marketplace (FFM), immigration status for COFA migrants may not be accurately provided and other established pathways should be used to verify the applicants' immigration status.

Please issue a numbered bulletin to expedite the dissemination of this information to field staff. Update Georgia Gateway and all applicable sections of the Office of Family Independence Medicaid Policy and Procedure manual to reflect this change. If you have any questions or need additional information, please contact Teresa Fair at 470-727-7207 or Teresa.Fair@dch.ga.gov.

Georgia Families

Georgia Families® (GF) is a statewide program designed to deliver health care services to members of Medicaid, PeachCare for Kids®, and Planning for Healthy Babies® (P4HB) recipients. The program is a partnership between the Department of Community Health (DCH) and private care management organizations (CMOs). By providing a choice of health plans, Georgia Families allows members to select a health care plan that fits their needs.

It is important to note that GF is a full-risk program; this means that the three CMOs licensed in Georgia to participate in GF are responsible and accept full financial risk for providing and authorizing covered services. This also means a greater focus on case and disease management with an emphasis on preventative care to improve individual health outcomes.

The three licensed CMOs:

Amerigroup Community Care 1-800-454-3730 www.amerigroup.com	Peach State Health Plan 866-874-0633 www.pshpgeorgia.com	CareSource 1-855-202-1058 www.caresource.com

Children, parent/caretaker with children, pregnant women and women with breast or cervical cancer on Medicaid, as well as children enrolled in PeachCare for Kids® are eligible to participate in Georgia Families. Additionally, Planning for Healthy Babies® (P4HB) recipients receive services through Georgia Families® (GF). Children in foster care or receiving adoption assistance and certain youths committed to juvenile justice are enrolled in Georgia Families 360°.

Medicaid and PeachCare for Kids® members will continue to be eligible for the same services they receive through traditional Medicaid and state Value Added Benefits. Members will not have to pay more than they paid for Medicaid co-payments or PeachCare for Kids® premiums. With a focus on health and wellness, the CMOs will provide members with health education and prevention programs giving them the tools needed to live healthier lives. Providers participating in Georgia Families will have the added assistance of the CMOs to educate members about accessing care, referrals to specialists, member benefits, and health and wellness education. **All three CMOs are State-wide.**

The Department of Community Health has contracted with three CMOs to provide these services:

- Amerigroup Community Care
- CareSource
- Peach State Health Plan

Members can contact Georgia Families for assistance to determine which program best fits their family's needs. If members do not select a plan, Georgia Families will select a health plan for them.

HEALTH CARE PROVIDERS

For information regarding the participating health plans (enrollment, rates, and procedures), please call the numbers listed below.

Prior to providing services, you should contact the member's health plan to verify eligibility, PCP assignment and covered benefits. You should also contact the health plan to check prior authorizations and submit claims.

Registering immunizations with GRITS:

If you are a Vaccine for Children (VFC) provider, please continue to use the GRITS (Georgia Immunization Registry) system for all children, including those in Medicaid and PeachCare for Kids®, fee-for-service, and managed care.

Important tips for the provider to know/do when a member comes in:

Understanding the process for verifying eligibility is now more important than ever. You will need to determine if the patient is eligible for Medicaid/PeachCare for Kids® benefits and if they are enrolled in a Georgia Families health plan. Each plan sets its own medical management and referral processes. Members will have a new identification card and primary care provider assignment.

You may also contact GAINWELL TECHNOLOGIES at 1-800-766-4456 (statewide) or www.mmis.georgia.gov for information on a member's health plan.

Use of the Medicaid Management Information System (MMIS) web portal:

The call center and web portal will be able to provide you information about a member's Medicaid eligibility and health plan enrollment. GAINWELL TECHNOLOGIES will not be able to assist you with benefits, claims processing or prior approvals for members assigned to a Georgia Families health plan. You will need to contact the member's plan directly for this information.

Participating in a Georgia Families' health plan:

Each health plan will assign provider numbers, which will be different from the provider's Medicaid provider number and the numbers assigned by other health plans.

Billing the health plans for services provided:

For members who are in Georgia Families, you should file claims with the member's health plan.

If a claim is submitted to GAINWELL TECHNOLOGIES in error:

GAINWELL TECHNOLOGIES will deny the claim with a specific denial code. Prior to receiving this denial, you may go ahead and submit the claim to the member's health plan.

Credentialing

Effective August 1, 2015, Georgia's Department of Community Health (DCH) implemented a NCQA certified Centralized Credentialing Verification Process utilizing a Credentialing Verification Organization (CVO). This functionality has been added to the Georgia Medicaid Management Information System (GAMMIS) website (www.MMIS.georgia.gov) and has streamlined the time frame that it takes for a provider to be fully credentialed.

Credentialing and recredentialing services is provided for Medicaid providers enrolled in Georgia Families and/or the Georgia Families 360° program.

This streamlined process results in administrative simplification thereby preventing inconsistencies, as well as the need for a provider to be credentialed or recredentialed multiple times.

The CVO's one-source application process:

- Saves time
- Increases efficiency
- Eliminates duplication of data needed for multiple CMOs
- Shortens the time period for providers to receive credentialing and recredentialing decisions

The CVO will perform primary source verification, check federal and state databases, obtain information from Medicare's Provider Enrollment Chain Ownership System (PECOS), check required medical malpractice insurance, confirm Drug Enforcement Agency (DEA) numbers, etc. A Credentialing Committee will render a decision regarding the provider's credentialing status. Applications that contain all required credentialing and recredentialing materials at the time of submission will receive a decision within 45 calendar days. Incomplete applications that do not contain all required credentialing documents will be returned to the provider with a request to supplement all missing materials. Incomplete applications may result in a delayed credentialing or recredentialing decision. The credentialing decision is provided to the CMOs.

GAINWELL TECHNOLOGIES provider reps will provide training and assistance as needed. Providers may contact GAINWELL TECHNOLOGIES for assistance with credentialing and recredentialing by dialing 1-800-766-4456.

Assignment of separate provider numbers by all of the health plans:

Each health plan will assign provider numbers, which will be different from the provider's Medicaid provider number and the numbers assigned by other health plans.

Billing the health plans for services provided:

For members who are in Georgia Families, you should file claims with the member's health plan.

If a claim is submitted to GAINWELL TECHNOLOGIES in error:

GAINWELL TECHNOLOGIES will deny the claim with a specific denial code. Prior to receiving this denial, you may go ahead and submit the claim to the member's health plan.

Receiving payment:

Claims should be submitted to the member's health plan. Each health plan has its own claims processing and you should consult the health plan about their payment procedures.

Health plans payment of clean claims:

Each health plan (and subcontractors) has its own claims processing and payment cycles. The claims processing and payment timeframes are as follows:

Amerigroup Community Care	CareSource	Peach State Health Plan
Amerigroup runs claims cycles twice each week (on Monday and Thursday) for clean claims that have been adjudicated. Monday Claims run: Checks mailed on Tuesday. Providers enrolled in ERA/EFT receive the ACH on Thursday. Thursday Claims run: Checks mailed on Wednesday. Providers enrolled in ERA/EFT receive the ACH on Tuesday. **Dental:** Checks are mailed weekly on Thursday for clean claims. **Vision**: Checks are mailed weekly on Wednesday for clean claims (beginning June 7th) **Pharmacy**: Checks are mailed to pharmacies weekly on Friday (except when a holiday falls on Friday, then mailed the next business day)	CareSource runs claims cycles twice each week on Saturdays and Tuesdays for clean claims that have been adjudicated. Pharmacy: Payment cycles for pharmacies is weekly on Wednesdays.	Peach State has two weekly claims payment cycles per week that produces payments for clean claims to providers on Monday and Wednesday. How often can a patient change his/her PCP?

Amerigroup Community Care	CareSource	Peach State Health Plan
Anytime	Members can change their PCP one (1) time per month. However, members can change their PCP at any time under extenuating circumstances such as: • Member requests to be assigned to a family member's PCP • PCP does not provide the covered services a member seeks	Within the first 90 days of a member's enrollment, he/she can change PCP monthly. If the member has been with the plan for 90 days or longer, the member can change PCPs once every six months. There are a few exclusions that apply and would warrant an immediate PCP change.

	due to moral or religious objections • PCP moves, retires, etc.	

Once the patient requests a PCP change, how long it takes for the new PCP to be assigned:

Amerigroup Community Care	CareSource	Peach State Health Plan
Next business day	PCP selections are updated in CareSource's systems daily.	PCP changes made before the 24th day of the month and are effective for the current month. PCP changes made after the 24th day of the month are effective for the first of the following month.

Non-Emergency Medical Transportation

Non-Emergency Medical Transportation (NEMT) services are defined as medically necessary transportation for any eligible Medicaid member and companion, if required, who have no other means of transportation available to any Medicaid-reimbursable service for the purposes of receiving treatment, medical evaluation, obtaining prescription drugs or medical equipment.

How do I get NEMT services?

If you are a qualifying Medicaid recipient and have no other means of transportation for your medical care or services covered by Medicaid, you may contact a transportation broker for transport to and from your appointment. The member must contact the Broker to request NEMT services at least three (3) business days prior to a non-urgent, scheduled appointment. The three (3) day advance scheduling includes the day of the call but not the day of the appointment. Advance scheduling will be mandatory for all NEMT services except urgent care and follow-up appointments when the timeframe does not allow advance scheduling. Urgent care or same day reservations may require verification from your direct provider of service confirming you must be seen that day. Each broker has a toll-free telephone number to schedule transportation services, and available weekdays (Monday-Friday) from 7 a.m. to 6 p.m.

All counties in Georgia are grouped into five regions for NEMT services. A NEMT Broker covers each region. If you need NEMT services, **you must contact the NEMT Broker serving the county you live in** to ask for Non-Emergency Medical Transportation. Contact Southeastrans for Atlanta and North Regions and ModivCare, formerly LogistiCare, for Central, East and Southwest See the chart below to determine which broker serves your county and call the broker's telephone number for that region.

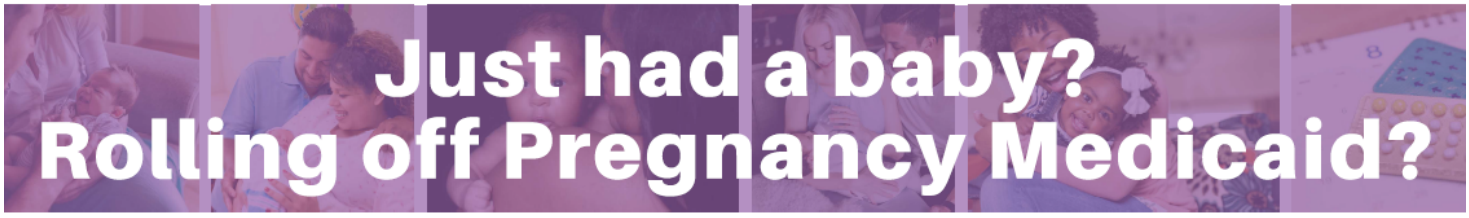

What if I have problems with a NEMT provider or broker?

The Division of Medical Assistance (DMA) monitors the quality of the services brokers provide, handling consumer complaints and requiring periodic reports from the brokers. If you have a question, comment, or complaint about a NEMT provider or broker that has not been resolved with the broker, you may contact the Georgia Department of Community Health, NEMT unit.
