Part II: Exceptional Transportation Services (ETS)
Preface and Overview

Preface

This manual contains basic information concerning the Exceptional Transportation Services (ETS) Program and is intended for use by all participating providers and in conjunction with the Part I Policies and Procedures Manual for Medicaid and PeachCare for Kids. Part I of any DCH manual outlines the Statement of Participation for participating providers. Part II of any DCH manual is program specific and outlines the policies and procedures for that program as well as the terms and conditions for receipt of reimbursement.

We urge you and your office staff to familiarize yourself with the contents of Part I and Part II of the manual and refer to it when questions arise. Use of the manual will assist in the elimination of misunderstandings concerning program policies, coverage levels, eligibility, and billing procedures that can result in delays in payment, incorrect payment, or denial of payment.

Amendments to this manual will be necessary from time to time due to changes in federal and state laws and Department of Community Health (DCH or the Department), Division of Medical Assistance (Division) policy. Manuals are updated and posted quarterly on the Gainwell Technologies (Gainwell) web portal at www.mmis.georgia.gov. Manuals will include any changes or amendments, if applicable, when such amendments are made. These postings shall constitute formal notification to providers of any changes or amendments. The amended or changed provisions will be effective on the date of the notice on the manual or as specified by the notice itself. All providers are responsible for complying with the amended manual provisions as of their effective dates. (Rev. 01/2021)

Thank you for your interest and participation in Georgia's Medicaid/PeachCare for Kids program and the Exceptional Transportation Services program. Your service is greatly appreciated.

General Information

Background

The Georgia Medical Assistance Program (Medicaid) became effective in October 1967, under the provisions of Title XIX of the 1965 amendments to the Social Security Act (42 USC 1396 et seq.). On July 1, 1977, the Georgia Department of Medical Assistance (DMA) was created to administer the Medicaid program (GA Laws 1977, p. 384). On July 1, 1999, the Department of Community Health (DCH) was created to administer health care programs in Georgia, including Medicaid. DMA then became the Division of Medical Assistance within DCH (GA Laws 1999).

DCH is the single State agency charged with the responsibility of administering the Medicaid program. DCH is responsible for assuring that needy Georgians can request and receive Medicaid services through an eligibility process and that providers of these services are reimbursed. DCH administers the Medicaid program through several contracts, in addition to the direct employment of departmental staff. It is divided into multiple divisions and offices responsible for administering Medicaid services and other health care programs in Georgia.

DCH partners with the Department of Human Services' (formerly known as the Department of Human Resources) Division of Family and Children Services (DFCS) to arrange, coordinate and provide Exceptional Transportation Services (ETS) for eligible Medicaid members. ETS provides out-of-state transportation and other travel related expenses and certain services in-state services outlined in Appendix B of this manual. All services provided under ETS require prior authorization from the DCH Medical

Management and Utilization Review Services (MMURS) vendor, Alliant Health Solutions (AHS), formerly known as Georgia Medical Care Foundation (GMCF). (Rev. 04/2020)

ETS provides non-emergency medical transportation and operates separately from the DCH Non-Emergency Medical Transportation (NEMT) program.

Definition of Service

Exceptional Transportation Services (ETS) is defined as non-emergency medical transportation that requires traveling out of state for medically necessary health care treatment not normally provided through in-state healthcare providers but is necessary under extraordinary medical circumstances. Transportation under this program is limited to out-of-state travel and includes air and ground travel. ETS only covers meals and lodging needs in-state for member's requiring medical treatment and have to travel more than fifty (50) miles from their place of residence, community, or vicinity. Eligible members must have no other means of transportation available. (Rev. 04/2020)

Georgia Medicaid defines the term out-of-state as more than fifty (50) miles beyond Georgia's borders. This definition applies to all "out-of-state" references indicated in this manual.

Under the ETS program, the term out-of-area is defined as more than fifty (50) miles from the member's place of residence. This definition applies to all out-of-area references indicated in any section of this manual.

All services covered under the ETS program must have prior authorization before services can be rendered and before reimbursement can be made.
Severability Clause

If any provision or any portion of any provision of this Manual conflicts with State law, federal law or federal regulation or is otherwise held invalid the other provisions of this Manual and the remaining portions of said provision shall not be affected thereby and shall continue in full force and effect.

General Reimbursement Principles

Prudent Buyer. The Department's goal is to make quality health care services available to all eligible members. To maximize allocated funds, the Department has employed the concept of the "Prudent Buyer." Briefly stated, if two different plans of treatment will meet the need of the member, the less expensive treatment should be employed, all other conditions being equal. The vendor associated with the ETS program should apply the same principle in providing services to Medicaid members.

Collection Agencies. Federal law prohibits payments for Medicaid services to anyone other than a provider, except in specified circumstances. Expressly prohibited are payments to collection agencies working on a percentage or other basis unrelated to the cost of processing the billing.

Enrollment

The Department of Community Health requires enrollment in the Medicaid program as a provider prior to being reimbursed for services rendered to Medicaid members. Medicaid Provider ID numbers are issued only to DFCS for purposes of the ETS program and must be indicated on claims (CMS-1500, in addition to the NPI) submitted for reimbursement, web-based transactions, Medicaid forms, and for all other Medicaid activities. Provider ID numbers must be revalidated periodically as required by DCH and completed on-line. Enrollment information and required forms can be found on-line at

www.mmis.georgia.gov. Provider numbers that are not revalidated by the due date may be suspended or terminated. (Rev. 04/2020)

DFCS is subsequently reimbursed by DCH for covered services. Appendix B of this manual lists covered modes of transportation and reimbursement rates for covered services under the ETS program. Effective July 1, 2019, DCH began enrolling the DFCS Regional Accounting Offices in lieu of each local County DFCS office in the Medicaid program. The Department does not enroll transportation providers to participate in the ETS program.

General Conditions of Participation

As general conditions of participation, DFCS must:

1. Comply with State and federal statues, policies and regulations applicable to the Medicaid Program

2. Provide services in compliance with Title VI of the Civil Rights Act of 1964, as amended. Title VI provides that no person in the United States shall, on the ground of race, color or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving federal financial assistance;

3. Provide services in compliance with Section 504 of the Rehabilitation Act of 1973 and the American with Disabilities Act of 1990 (ADA). Section 504 provides that no otherwise qualified handicapped individual shall solely by reason of his or her handicap, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving federal financial assistance;

4. Not intentionally or negligently damage or endanger the health, safety or welfare of any member;

5. Not engage in any illegal activities related to the furnishing of services.

6. Adhere to all the applicable policies and procedures of the Department.

7. Notify the Department of any of the following changes immediately (if applies):

    a. Change in business and/or email address, telephone and/or facsimile number;
    b. Change in corporate status or nature;
    c. Change in business location;
    d. Change in solvency;
    e. Change in corporate officers, executive employees, or corporate structure;
    f. Material changes in ownership (i.e., more than 25% a month); and/or
    g. Change in federal employee identification number (ID) or federal tax ID number.

Member Eligibility

DCH establishes eligibility criteria for Medicaid/PeachCare for Kids benefits based upon federal regulations. The Department contracts with the Department of Human Services' Division of Family and Children Services, and the Social Security Administration to perform eligibility determinations. Individuals and families should be referred to local offices of these agencies for their eligibility determinations. DFCS will verify Medicaid eligibility/enrollment for members requesting ETS.

Medicaid offers members benefits on a Fee-for-Service (FFS) basis and through Care Management Organizations (CMO) contracted with Medicaid. Medicaid members enrolled in FFS are eligible to participate in the ETS program. Medicaid members enrolled in a CMO are not eligible to participate in the ETS program and must contact their CMO for further information. See Appendix G of this manual.(Rev. 04/2020)

No special eligibility conditions other than those listed in this manual and in Part 1 Policies and Procedures for Medicaid/PeachCare for Kids Manual are required for member participation in the Exceptional Transportation Services program.

Program Requirements

The State office of DFCS is responsible for processing ETS requests for eligible Medicaid members upon the request of the member's representative or healthcare provider team and for billing DCH for reimbursement of covered services.

Following the submission of all required documents/approvals, and the completion of an ETS trip, DFCS is required to bill DCH for reimbursement of the cost of those covered expenses associated with the trip in accordance with Appendix B of this manual. Claims must be submitted on a Health Insurance Claim Form CMS-1500 via the Medicaid Management Information System (MMIS) web portal within the required timelines for claims submissions. The assigned Provider ID number issued to the DFCS Regional Accounting Office responsible for billing must be indicated on the claim form. The member who received the ETS services must reside in one of the counties located in that DFCS Region. See Appendix F for instructions on how to complete this form and a sample of the HCFA 1500 claim form.

601. Conditions of Participation

601.1. Accept DCH's reimbursement rates as payment-in-full and bill for covered services using the appropriate procedure codes as outlined in Appendix B of this manual;

601.2. DFCS may bill only for prior approved transportation and related services rendered to Medicaid members receiving Medicaid reimbursable health care services;

601.3. Bill only for transport miles when the member is in transit; and

601.4. Submit claims for reimbursement within 6-months from the date of service and as required by DCH for timeliness thereafter, if applicable.

602. Coordination and Arrangements of ETS

The coordination and arrangement of ETS services shall be the responsibility of State DFCS, which will work with the member, the member's healthcare team and AHS to obtain the required information. All ETS services below require prior authorization by AHS. (Rev. 04/2017)

602.1.1. Responsibilities shall include but may not be limited to the following:

602.1.2. Verify that the member is enrolled in Georgia Medicaid and eligible for ETS. The Medicaid Management Information System (MMIS) web portal and call center will be able to provide information about a member's Medicaid eligibility and health plan enrollment;

602.1.3. Determine that the need for ETS exists;

602.1.4. Determine and coordinate the least costly means of out-of-state transportation that meets the needs of the member;

602.1.5. Coordinate out-of-state automobile transportation (if applicable) by volunteer drivers;

602.1.6. Coordinate local taxi transportation (if applicable) to access commercial bus, train or airplane transport out-of-state;

602.1.7. Coordinate out of local service area taxi service (if applicable) used in conjunction with a commercial bus, train or commercial airplane out of state;

602.1.8. Coordinate out of state travel by commercial bus or train;

602.1.9. Coordinate out of state travel by commercial airplane;

602.1.10. Coordinate city transit when used in conjunction with ETS. The DFCS may issue tokens or the cost of fare for members who are able to ride public transportation in order to access a commercial bus, train or airplane (see Appendix B); and,

602.1.11. Coordinate provision of services supportive to transportation that may include:

602.2. Parking and tolls for automobile transportation out-of-state;

602.3. Lodging and meals out-of-state for member (provided member is not on an in-patient basis in medical facility) and one (1) escort;

602.4. Lodging and meals in-state for member (provided member is not on an in-patient basis in medical facility) and one (1) escort while receiving medical care out-of-area of residence.

602.5. Member and one (1) escort for transportation services out-of-state. The DFCS must obtain prior authorization for escorts who accompany members out of state. Transportation needs for in-state and within 50 miles of Georgia's border under the ETS program are not covered. The member and escort when necessary may arrange for transportation with the NEMT Broker assigned to the member's county of residence if the member is eligible to receive NEMT services.

602.6. Escort for member when traveling out-of-state.

Chapter 700: Prior Authorization Requirements

701. Prior Authorization for Medical Treatment

As a requirement for ETS services, there must be a separate prior authorization from AHS for the medical treatment that coincides with the dates of service requested for ETS services. This request must be obtained from the member's physician and is not the responsibility of DFCS. For information on how to obtain prior authorization for medical treatment, healthcare providers should reference their Medicaid program policies and procedures manual for instructions.

702. Conditions to Obtain Prior Authorization

As a condition of reimbursement, prior authorization must be obtained before requests are finalized and prior to the time services are rendered. Members and/or their representatives shall notify DFCS at least ten (10) business days in advance of date(s) of service if possible. If the member requires health care services from more than one out-of-state healthcare provider along with transportation to each healthcare provider, a separate prior authorization must be obtained for transportation to each healthcare provider. Prior authorization may be given for the duration of planned treatment as indicated on the medical certification form, but not for more than one (1) year.

Prior authorization pertains to medical necessity only and does not guarantee reimbursement. In order to be reimbursed for ETS covered and prior approved services, the Medicaid member must be eligible for Medicaid at the time services are rendered.

If there is insufficient time to submit a written request prior to the date of service, the DFCS must call AHS with the information requested on the DMA-322 for authorization prior to the date of service. However, the DMA-322 must be completed and faxed by DFCS to AHS following the telephone request. DFCS must make every effort possible to submit a written prior authorization request as soon as possible. Telephone requests should only be used as a last resort.

When prior authorization cannot be obtained due to the inability of DFCS to anticipate the need for services requiring prior authorization, a telephone call must be made to AHS the next business day following the date that the service was rendered. If the request is approved, form DMA-322 must be completed and sent to AHS immediately following the telephone authorization.

703. Documentation Required to Obtain Prior Authorization

DFCS shall request and maintain such records as are necessary to fully disclose the extent of services provided to the member and/or escort and. DFCS is required to furnish such records to the DCH regarding payment of claims as requested by DCH. All service records must include the following information:

703.1. member's name, address, and Medicaid number;

703.2. member's point of origin and destination;

703.3. date of transportation service;

703.4. escort's name, address, and relationship (if escort is required);

703.5. number of miles traveled, and mode of transportation required;

703.6. service provider's name, address, and Medicaid provider number;

703.7. medical certification or physician statement indicating the reason for the member's medical treatment to include diagnosis code (see Appendix C). The certification must be signed by a Physician or Registered Nurse (R.N.) If the physician or R.N. is unavailable, the certification form may be signed by a Licensed Practical Nurse (L.P.N.), or other licensed health professional of member's health care team.

703.8. a copy of a properly signed prior authorization from AHS;

703.9. meals and lodging requests for member and escort, if applicable.

703.10. A current W-9 form (Request for Taxpayer Identification Number and Certification) completed and signed by the member or member's representative.

703.11. DMA-322 ETS Prior Authorization Request (to be completed by DFCS);

To request ETS services, members or their representative must contact the DFCS State office at 404-657-7543. The DFCS State Office Medicaid Policy Unit must complete the Exceptional Transportation Prior Authorization Request form, DMA 322 (02/20) and fax it to AHS at 678-527-3710. AHS will notify DFCS of the decision to authorize or not authorize the request.

For informational purposes, the ETS PRIOR AUTHORIZATION FORM DMA 322 (04/20) is available on the web at **www.mmis.georgia.gov** under Provider Information, Forms for Providers. This form is to be completed by DFCS. Please see the sample form with instructions in Appendix A of this manual. This form has been updated as of April 2020.

803. Requirements for Escort Services

An escort is defined as an individual, whose presence is required to assist a member during transport and while at the place of treatment. An escort must be of an age of legal majority recognized under Georgia law and is typically a relative, guardian or volunteer. ETS covers one (1) escort. All escort services regardless of mode of transportation must have prior authorization. (Rev. 04/2020)

803.1. Escort services for automobile transportation. Medicaid members requiring an escort must be under the age of 21, blind, deaf or mentally retarded or otherwise certified unable to travel alone. This service is utilized, and mileage reimbursement provided when one (1) escort is required out-of-state in conjunction with automobile transportation. There must exist an identifiable need for the escort. Only one escort is covered per member in need. For members under 21 years of age, a parent or guardian may be required to accompany a young child or teenager who will be receiving medical treatment.

803.2. Escort services for Medicaid members over 21 years of age must have a physician's statement attesting to the need for an escort because the member is:

803.2.1. Blind;

803.3. Prior authorization to provide an escort for automobile transportation is required for any other condition not listed above. A Medical Certification form must be submitted (see Appendix C of this manual).

803.4. Escort services for commercial bus, train and airplane transportation. Prior authorization for escorts is required. Medicaid members requiring escorts for this type of transportation must also meet the conditions described herein. Escorts required for other conditions not listed also require prior authorization. DCH will reimburse the cost for this mode of travel for both the member and escort combined at the maximum rate referenced in Appendix B. Codes A0110 or A0140 must be used for billing these types of escort services.

803.5. Escort services for taxi. There must exist an identifiable need for an escort.

804. Service Limitations

804.1. A maximum of one (1) passenger round trip may be reimbursed per date of service per member for ETS.

804.2. Reimbursement for escorts is limited to one member when two or more members are escorted to the same medical facility, on the same date of service, by the same escort.

804.3. Reimbursement for meals and lodging for a member and one escort when required in conjunction with in-state or out-of-state travel.

Eligible members may coordinate transportation through the Medicaid's Non-Emergency Medical Transportation (NEMT) program. Members must contact the NEMT Broker assigned to the county in which the member resides provided they are eligible to participate in the NEMT program. Please refer to the NEMT policies and procedures manual for more information.

Chapter 900: Basis for Reimbursement

901. Reimbursement

The Division will pay the lower of the submitted charge by DFCS for ETS services or the maximum allowable amount as indicated in Appendix B of this manual. Fees are established by the Division after examination of provider charge patterns, review of information compiled by other state agencies and states, and review of pertinent cost information.

The Division reimburses DFCS for ETS services rendered at rates established by the Division and in accordance with the policies and procedures outlined in this manual (see Reimbursement Rates in Appendix B).

902. National Correct Coding Initiative (NCCI)

The Center for Medicare and Medicaid Services (CMS) has directed all State Medicaid agencies to implement the National Correct Coding Initiative (NCCI) as policy in support of Section 6507 of the Patient Affordable Care Act of March 23, 2010.

Georgia Medicaid uses NCCI standard payment methodologies. NCCI Procedure to Procedure edits prevent inappropriate payment of services that should not be bundled or billed together and to promote correct coding practices. Based on NCCI Coding Manual and CPT guidelines, some services/procedures performed in conjunction with an evaluation and management (E&M) code will bundle into the procedure when performed by same physician and separate reimbursement will not be allowed if the sole purpose for the visit is to perform the procedures. NCCI editing also includes Medically Unlikely Edits (MUEs) which prevent payment for an inappropriate number/quantity of the same service on a single day. An MUE for a HCPCS/CPT code is the maximum number of units of service under most circumstances reportable by the same provider for the same patient on the same date of service. Providers must correctly report the most comprehensive CPT code that describes the service performed, including the most appropriate modifier when required.

For additional questions regarding the NCCI or MUE regulations, please see the CMS website: http://www.cms.gov/.

General Claims Submission Policy for Ordering, Prescribing, or Referring (OPR) Providers
The Affordable Care Act (ACA) requires physicians and other eligible practitioners who order, prescribe and refer items or services for Medicaid beneficiaries to be enrolled in the Georgia Medicaid Program. As a result, CMS expanded the claim editing requirements in Section 1833(q) of the Social Security Act and the providers' definitions in sections 1861-r and 1842(b)(18)C. Therefore, claims for services that are ordered, prescribed, or referred must indicate who the ordering, prescribing, or referring (OPR) practitioner is. The department will utilize an enrolled OPR provider identification number for this purpose. Any OPR physicians or other eligible practitioners who are NOT already enrolled in Medicaid as participating (i.e., billing) providers must enroll separately as OPR Providers. The National Provider Identifier (NPI) of the OPR Provider must be included on the claim submitted by the participating, i.e., rendering, provider. If the NPI of the OPR Provider noted on the Georgia Medicaid claim is associated with a provider who is not enrolled in the Georgia Medicaid program, **the claim cannot be paid**. (Rev. 04/2014)

Effective 4/1/2014, DCH will begin editing claims submitted through the web, EDI and on CMS-1500

(02-12) forms for the presence of an ordering, referring or prescribing provider as required by program policy. The edit will be informational until 6/1/2014. Effective 6/1/2014, the ordering, prescribing and referring information will become a mandatory field and claims that do not contain the information as required by policy will begin to deny. For the NEW CMS-1500 (02-12) claim form:

Enter qualifiers to indicate if the claim has an ordering, referring, or prescribing provider to the left of the dotted line in box 17 (Ordering = DK; Referring = DN or Supervising = DQ).

For claims entered via the web:

Claims headers were updated to accept ordering or referring Provider ID and name for Dental and Institutional claims and the referring provider's name for Professional claims. The claim detail was updated to accept an ordering or referring provider ID and name. Utilize the "ordering" provider field for claims that require a prescribing physician.

For claims transmitted via EDI:

The 837 D, I, and P companion guides were updated to specifically point out the provider loops that capture the rendering, ordering, prescribing, referring and service facility provider information that is now used to transmit OPR information.

903. Reimbursement Methodology

903.1. The Division will reimburse necessary medical services only after the transportation has been provided. No transportation expenses should be billed to the Division prior to service provision.

903.2. Trip mileage, parking and toll fees are reimbursed for all automobile transportation out of state. For the volunteer driver of automobile transportation, the Division reimburses for mileage from the driver's home to the member's home and return for up to a total of twenty (20) miles. The Division reimburses the volunteer driver for mileage from the scheduled hospital appointment when the member is admitted to the hospital or for the unloaded mileage incurred for travel to pick up the member upon discharge from the hospital. A trip is defined as the loaded mileage from the point of pick-up for the Medicaid member to the destination or drop-off point.

903.3. The Division reimburses for mileage for an escort when an escort is required to travel with a member by taxi or automobile.

903.4. The Division reimburses for the cost of ticket for out of state commercial bus, train, or airplane, but not to exceed the maximum allowable amounts as stated in Appendix B of this manual. The cost of the commercial ticket is reimbursed for an escort when the services of an escort are required. However, the cost for both tickets (member and escort) shall not exceed the maximum allowable outlined in Appendix B.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9.*

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid)
- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding, *later.*

Cat. No. 10231X Form **W-9** (Rev. 10-2018)

By signing the filled-out form, you:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),

2. Certify that you are not subject to backup withholding, or

3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income, and

4. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting, is correct. See *What is FATCA reporting,* later, for further information.

Note: If you are a U.S. person and a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien;
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States;
- An estate (other than a foreign estate); or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax under section 1446 on any foreign partners' share of effectively connected taxable income from such business. Further, in certain cases where a Form W-9 has not been received, the rules under section 1446 require a partnership to presume that a partner is a foreign person, and pay the section 1446 withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid section 1446 withholding on your share of partnership income.

In the cases below, the following person must give Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States.

- In the case of a disregarded entity with a U.S. owner, the U.S. owner of the disregarded entity and not the entity;
- In the case of a grantor trust with a U.S. grantor or other U.S. owner, generally, the U.S. grantor or other U.S. owner of the grantor trust and not the trust; and
- In the case of a U.S. trust (other than a grantor trust), the U.S. trust (other than a grantor trust) and not the beneficiaries of the trust.

Foreign person. If you are a foreign person or the U.S. branch of a foreign bank that has elected to be treated as a U.S. person, do not use Form W-9. Instead, use the appropriate Form W-8 or Form 8233 (see Pub. 515, Withholding of Tax on Nonresident Aliens and Foreign Entities).

Nonresident alien who becomes a resident alien. Generally, only a nonresident alien individual may use the terms of a tax treaty to reduce or eliminate U.S. tax on certain types of income. However, most tax treaties contain a provision known as a "saving clause." Exceptions specified in the saving clause may permit an exemption from tax to continue for certain types of income even after the payee has otherwise become a U.S. resident alien for tax purposes.

If you are a U.S. resident alien who is relying on an exception contained in the saving clause of a tax treaty to claim an exemption from U.S. tax on certain types of income, you must attach a statement to Form W-9 that specifies the following five items.

1. The treaty country. Generally, this must be the same treaty under which you claimed exemption from tax as a nonresident alien.

2. The treaty article addressing the income.

3. The article number (or location) in the tax treaty that contains the saving clause and its exceptions.

4. The type and amount of income that qualifies for the exemption from tax.

5. Sufficient facts to justify the exemption from tax under the terms of the treaty article.

Example. Article 20 of the U.S.-China income tax treaty allows an exemption from tax for scholarship income received by a Chinese student temporarily present in the United States. Under U.S. law, this student will become a resident alien for tax purposes if his or her stay in the United States exceeds 5 calendar years. However, paragraph 2 of the first Protocol to the U.S.-China treaty (dated April 30, 1984) allows the provisions of Article 20 to continue to apply even after the Chinese student becomes a resident alien of the United States. A Chinese student who qualifies for this exception (under paragraph 2 of the first protocol) and is relying on this exception to claim an exemption from tax on his or her scholarship or fellowship income would attach to Form W-9 a statement that includes the information described above to support that exemption.

If you are a nonresident alien or a foreign entity, give the requester the appropriate completed Form W-8 or Form 8233.

Backup Withholding

What is backup withholding? Persons making certain payments to you must under certain conditions withhold and pay to the IRS 24% of such payments. This is called "backup withholding." Payments that may be subject to backup withholding include interest, tax-exempt interest, dividends, broker and barter exchange transactions, rents, royalties, nonemployee pay, payments made in settlement of payment card and third party network transactions, and certain payments from fishing boat operators. Real estate transactions are not subject to backup withholding.

You will not be subject to backup withholding on payments you receive if you give the requester your correct TIN, make the proper certifications, and report all your taxable interest and dividends on your tax return.

Payments you receive will be subject to backup withholding if:

1. You do not furnish your TIN to the requester,

2. You do not certify your TIN when required (see the instructions for Part II for details),

3. The IRS tells the requester that you furnished an incorrect TIN,

4. The IRS tells you that you are subject to backup withholding because you did not report all your interest and dividends on your tax return (for reportable interest and dividends only), or

5. You do not certify to the requester that you are not subject to backup withholding under 4 above (for reportable interest and dividend accounts opened after 1983 only).

Certain payees and payments are exempt from backup withholding. See *Exempt payee code,* later, and the separate Instructions for the Requester of Form W-9 for more information.

Also see *Special rules for partnerships,* earlier.

What is FATCA Reporting?

The Foreign Account Tax Compliance Act (FATCA) requires a participating foreign financial institution to report all United States account holders that are specified United States persons. Certain payees are exempt from FATCA reporting. See *Exemption from FATCA reporting code,* later, and the Instructions for the Requester of Form W-9 for more information.

Updating Your Information

You must provide updated information to any person to whom you claimed to be an exempt payee if you are no longer an exempt payee and anticipate receiving reportable payments in the future from this person. For example, you may need to provide updated information if you are a C corporation that elects to be an S corporation, or if you no longer are tax exempt. In addition, you must furnish a new Form W-9 if the name or TIN changes for the account; for example, if the grantor of a grantor trust dies.

Penalties

Failure to furnish TIN. If you fail to furnish your correct TIN to a requester, you are subject to a penalty of $50 for each such failure unless your failure is due to reasonable cause and not to willful neglect.

Civil penalty for false information with respect to withholding. If you make a false statement with no reasonable basis that results in no backup withholding, you are subject to a $500 penalty.

Criminal penalty for falsifying information. Willfully falsifying certifications or affirmations may subject you to criminal penalties including fines and/or imprisonment.

Misuse of TINs. If the requester discloses or uses TINs in violation of federal law, the requester may be subject to civil and criminal penalties.

Specific Instructions

Line 1

You must enter one of the following on this line; **do not** leave this line blank. The name should match the name on your tax return.

If this Form W-9 is for a joint account (other than an account maintained by a foreign financial institution (FFI)), list first, and then circle, the name of the person or entity whose number you entered in Part I of Form W-9. If you are providing Form W-9 to an FFI to document a joint account, each holder of the account that is a U.S. person must provide a Form W-9.

a. **Individual.** Generally, enter the name shown on your tax return. If you have changed your last name without informing the Social Security Administration (SSA) of the name change, enter your first name, the last name as shown on your social security card, and your new last name.

Note: ITIN applicant: Enter your individual name as it was entered on your Form W-7 application, line 1a. This should also be the same as the name you entered on the Form 1040/1040A/1040EZ you filed with your application.

b. **Sole proprietor or single-member LLC.** Enter your individual name as shown on your 1040/1040A/1040EZ on line 1. You may enter your business, trade, or "doing business as" (DBA) name on line 2.

c. **Partnership, LLC that is not a single-member LLC, C corporation, or S corporation.** Enter the entity's name as shown on the entity's tax return on line 1 and any business, trade, or DBA name on line 2.

e. **Disregarded entity.** For U.S. federal tax purposes, an entity that is disregarded as an entity separate from its owner is treated as a "disregarded entity." See Regulations section 301.7701-2(c)(2)(iii). Enter the owner's name on line 1. The name of the entity entered on line 1 should never be a disregarded entity. The name on line 1 should be the name shown on the income tax return on which the income should be reported. For example, if a foreign LLC that is treated as a disregarded entity for U.S. federal tax purposes has a single owner that is a U.S. person, the U.S. owner's name is required to be provided on line 1. If the direct owner of the entity is also a disregarded entity, enter the first owner that is not disregarded for federal tax purposes. Enter the disregarded entity's name on line 2, "Business name/disregarded entity name." If the owner of the disregarded entity is a foreign person, the owner must complete an appropriate Form W-8 instead of a Form W-9. This is the case even if the foreign person has a U.S. TIN.

Line 2

If you have a business name, trade name, DBA name, or disregarded entity name, you may enter it on line 2.

Line 3

Check the appropriate box on line 3 for the U.S. federal tax classification of the person whose name is entered on line 1. Check only one box on line 3.

12—A middleman known in the investment community as a nominee or custodian

13—A trust exempt from tax under section 664 or described in section 4947

Interest and dividend payments	All exempt payees except for 7
Broker transactions	Exempt payees 1 through 4 and 6 through 11 and all C corporations. S corporations must not enter an exempt payee code because they are exempt only for sales of noncovered securities acquired prior to 2012.
Barter exchange transactions and patronage dividends	Exempt payees 1 through 4
Payments over $600 required to be reported and direct sales over $5,000[1]	Generally, exempt payees 1 through 5[2]
Payments made in settlement of payment card or third party network transactions	Exempt payees 1 through 4

[1] See Form 1099-MISC, Miscellaneous Income, and its instructions.

[2] However, the following payments made to a corporation and reportable on Form 1099-MISC are not exempt from backup withholding: medical and health care payments, attorneys' fees, gross proceeds paid to an attorney reportable under section 6045(f), and payments for services paid by a federal executive agency.

Exemption from FATCA reporting code. The following codes identify payees that are exempt from reporting under FATCA. These codes apply to persons submitting this form for accounts maintained outside of the United States by certain foreign financial institutions. Therefore, if you are only submitting this form for an account you hold in the United States, you may leave this field blank. Consult with the person requesting this form if you are uncertain if the financial institution is subject to these requirements. A requester may indicate that a code is not required by providing you with a Form W-9 with "Not Applicable" (or any similar indication) written or printed on the line for a FATCA exemption code.

A—An organization exempt from tax under section 501(a) or any individual retirement plan as defined in section 7701(a)(37)

L—A trust exempt from tax under section 664 or described in section 4947(a)(1)

M—A tax exempt trust under a section 403(b) plan or section 457(g) plan

Note: You may wish to consult with the financial institution requesting this form to determine whether the FATCA code and/or exempt payee code should be completed.

Line 5

Enter your address (number, street, and apartment or suite number). This is where the requester of this Form W-9 will mail your information returns. If this address differs from the one the requester already has on file, write NEW at the top. If a new address is provided, there is still a chance the old address will be used until the payor changes your address in their records.

Line 6

Enter your city, state, and ZIP code.

Part I. Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. If you are a resident alien and you do not have and are not eligible to get an SSN, your TIN is your IRS individual taxpayer identification number (ITIN). Enter it in the social security number box. If you do not have an ITIN, see *How to get a TIN* below.

If you are a sole proprietor and you have an EIN, you may enter either your SSN or EIN.

If you are a single-member LLC that is disregarded as an entity separate from its owner, enter the owner's SSN (or EIN, if the owner has one). Do not enter the disregarded entity's EIN. If the LLC is classified as a corporation or partnership, enter the entity's EIN.

Note: See *What Name and Number To Give the Requester,* later, for further clarification of name and TIN combinations.

How to get a TIN. If you do not have a TIN, apply for one immediately. To apply for an SSN, get Form SS-5, Application for a Social Security Card, from your local SSA office or get this form online at *www.SSA.gov*. You may also get this form by calling 1-800-772-1213. Use Form W-7, Application for IRS Individual Taxpayer Identification Number, to apply for an ITIN, or Form SS-4, Application for Employer Identification Number, to apply for an EIN. You can apply for an EIN online by accessing the IRS website at *www.irs.gov/Businesses* and clicking on Employer Identification Number (EIN) under Starting a Business. Go to *www.irs.gov/Forms* to view, download, or print Form W-7 and/or Form SS-4. Or, you can go to *www.irs.gov/OrderForms* to place an order and have Form W-7 and/or SS-4 mailed to you within 10 business days.

If you are asked to complete Form W-9 but do not have a TIN, apply for a TIN and write "Applied For" in the space for the TIN, sign and date the form, and give it to the requester. For interest and dividend payments, and certain payments made with respect to readily tradable instruments, generally you will have 60 days to get a TIN and give it to the requester before you are subject to backup withholding on payments. The 60-day rule does not apply to other types of payments. You will be subject to backup withholding on all such payments until you provide your TIN to the requester.

Note: Entering "Applied For" means that you have already applied for a TIN or that you intend to apply for one soon.

Caution: A disregarded U.S. entity that has a foreign owner must use the appropriate Form W-8.

Part II. Certification

To establish to the withholding agent that you are a U.S. person, or resident alien, sign Form W-9. You may be requested to sign by the withholding agent even if item 1, 4, or 5 below indicates otherwise.

For a joint account, only the person whose TIN is shown in Part I should sign (when required). In the case of a disregarded entity, the person identified on line 1 must sign. Exempt payees, see *Exempt payee code,* earlier.

Signature requirements. Complete the certification as indicated in items 1 through 5 below.

1. Interest, dividend, and barter exchange accounts opened before 1984 and broker accounts considered active during 1983. You must give your correct TIN, but you do not have to sign the certification.

2. Interest, dividend, broker, and barter exchange accounts opened after 1983 and broker accounts considered inactive during 1983. You must sign the certification or backup withholding will apply. If you are subject to backup withholding and you are merely providing your correct TIN to the requester, you must cross out item 2 in the certification before signing the form.

3. Real estate transactions. You must sign the certification. You may cross out item 2 of the certification.

4. Other payments. You must give your correct TIN, but you do not have to sign the certification unless you have been notified that you have previously given an incorrect TIN. "Other payments" include payments made in the course of the requester's trade or business for rents, royalties, goods (other than bills for merchandise), medical and health care services (including payments to corporations), payments to a nonemployee for services, payments made in settlement of payment card and third party network transactions, payments to certain fishing boat crew members and fishermen, and gross proceeds paid to attorneys (including payments to corporations).

5. Mortgage interest paid by you, acquisition or abandonment of secured property, cancellation of debt, qualified tuition program payments (under section 529), ABLE accounts (under section 529A), IRA, Coverdell ESA, Archer MSA or HSA contributions or distributions, and pension distributions. You must give your correct TIN, but you do not have to sign the certification.

Secure Your Tax Records From Identity Theft

Identity theft occurs when someone uses your personal information such as your name, SSN, or other identifying information, without your permission, to commit fraud or other crimes. An identity thief may use your SSN to get a job or may file a tax return using your SSN to receive a refund.

To reduce your risk:

- Protect your SSN,
- Ensure your employer is protecting your SSN, and
- Be careful when choosing a tax preparer.

If your tax records are affected by identity theft and you receive a notice from the IRS, respond right away to the name and phone number printed on the IRS notice or letter.

If your tax records are not currently affected by identity theft but you think you are at risk due to a lost or stolen purse or wallet, questionable credit card activity or credit report, contact the IRS Identity Theft Hotline at 1-800-908-4490 or submit Form 14039.

For more information, see Pub. 5027, Identity Theft Information for Taxpayers.

Victims of identity theft who are experiencing economic harm or a systemic problem, or are seeking help in resolving tax problems that have not been resolved through normal channels, may be eligible for Taxpayer Advocate Service (TAS) assistance. You can reach TAS by calling the TAS toll-free case intake line at 1-877-777-4778 or TTY/TDD 1-800-829-4059.

Protect yourself from suspicious emails or phishing schemes. Phishing is the creation and use of email and websites designed to mimic legitimate business emails and websites. The most common act is sending an email to a user falsely claiming to be an established legitimate enterprise in an attempt to scam the user into surrendering private information that will be used for identity theft.

The IRS does not initiate contacts with taxpayers via emails. Also, the IRS does not request personal detailed information through email or ask taxpayers for the PIN numbers, passwords, or similar secret access information for their credit card, bank, or other financial accounts.

If you receive an unsolicited email claiming to be from the IRS, forward this message to *phishing@irs.gov*. You may also report misuse of the IRS name, logo, or other IRS property to the Treasury Inspector General for Tax Administration (TIGTA) at 1-800-366-4484. You can forward suspicious emails to the Federal Trade Commission at *spam@uce.gov* or report them at *www.ftc.gov/complaint*. You can contact the FTC at *www.ftc.gov/idtheft* or 877-IDTHEFT (877-438-4338). If you have been the victim of identity theft, see *www.IdentityTheft.gov* and Pub. 5027.

Visit *www.irs.gov/IdentityTheft* to learn more about identity theft and how to reduce your risk.

Privacy Act Notice

Section 6109 of the Internal Revenue Code requires you to provide your correct TIN to persons (including federal agencies) who are required to file information returns with the IRS to report interest, dividends, or certain other income paid to you; mortgage interest you paid; the acquisition or abandonment of secured property; the cancellation of debt; or contributions you made to an IRA, Archer MSA, or HSA. The person collecting this form uses the information on the form to file information returns with the IRS, reporting the above information. Routine uses of this information include giving it to the Department of Justice for civil and criminal litigation and to cities, states, the District of Columbia, and U.S. commonwealths and possessions for use in administering their laws. The information also may be disclosed to other countries under a treaty, to federal and state agencies to enforce civil and criminal laws, or to federal law enforcement and intelligence agencies to combat terrorism. You must provide your TIN whether or not you are required to file a tax return. Under section 3406, payers must generally withhold a percentage of taxable interest, dividend, and certain other payments to a payee who does not give a TIN to the payer. Certain penalties may also apply for providing false or fraudulent information.

Georgia Families

Georgia Families® (GF) is a statewide program designed to deliver health care services to members of Medicaid, PeachCare for Kids®, and Planning for Healthy Babies® (P4HB) recipients. The program is a partnership between the Department of Community Health (DCH) and private care management organizations (CMOs). By providing a choice of health plans, Georgia Families allows members to select a health care plan that fits their needs.

It is important to note that GF is a full-risk program; this means that the three CMOs licensed in Georgia to participate in GF are responsible and accept full financial risk for providing and authorizing covered services. This also means a greater focus on case and disease management with an emphasis on preventative care to improve individual health outcomes.

The three licensed CMOs:

than they paid for Medicaid co-payments or PeachCare for Kids® premiums. With a focus on health and wellness, the CMOs will provide members with health education and prevention programs giving them the tools needed to live healthier lives. Providers participating in Georgia Families will have the added assistance of the CMOs to educate members about accessing care, referrals to specialists, member benefits, and health and wellness education. **All three CMOs are State-wide**.

ii. The Department of Community Health has contracted with three CMOs to provide these services:

1. Amerigroup Community Care

2. CareSource

3. Peach State Health Plan

Members can contact Georgia Families for assistance to determine which program best fits their family's needs. If members do not select a plan, Georgia Families will select a health plan for them.

Members can visit the Georgia Families Web site at www.georgia-families.com or call 1-800-GA-ENROLL (1-888-423-6765) to speak to a representative who can give them information about the CMOs and the health care providers.

Registering immunizations with GRITS:

If you are a Vaccine for Children (VFC) provider, please continue to use the GRITS (Georgia Immunization Registry) system for all children, including those in Medicaid and PeachCare for Kids®, fee-for-service, and managed care.

Important tips for the provider to know/do when a member comes in:

Understanding the process for verifying eligibility is now more important than ever. You will need to determine if the patient is eligible for Medicaid/PeachCare for Kids® benefits and if they are enrolled in a

Georgia Families health plan.

Each plan sets its own medical management and referral processes. Members will have a new identification card and primary care provider assignment.

You may also contact GAINWELL TECHNOLOGIES at 1-800-766-4456 (statewide) or www.mmis.georgia.gov for information on a member's health plan.

Use of the Medicaid Management Information System (MMIS) web portal:

The call center and web portal will be able to provide you information about a member's Medicaid eligibility and health plan enrollment. GAINWELL TECHNOLOGIES will not be able to assist you with benefits, claims processing or prior approvals for members assigned to a Georgia Families health plan. You will need to contact the member's plan directly for this information.

Participating in a Georgia Families' health plan:

Each health plan will assign provider numbers, which will be different from the provider's Medicaid provider number and the numbers assigned by other health plans.

Billing the health plans for services provided:

For members who are in Georgia Families, you should file claims with the member's health plan.

If a claim is submitted to GAINWELL TECHNOLOGIES in error:

GAINWELL TECHNOLOGIES will deny the claim with a specific denial code. Prior to receiving this denial, you may go ahead and submit the claim to the member's health plan.

1. Credentialing

   Effective August 1, 2015, Georgia's Department of Community Health (DCH) implemented a NCQA certified Centralized Credentialing Verification Process utilizing a Credentialing Verification Organization (CVO). This functionality has been added to the Georgia Medicaid Management Information System (GAMMIS) website (www.MMIS.georgia.gov) and has streamlined the time frame that it takes for a provider to be fully credentialed. Credentialing and recredentialing services is provided for Medicaid providers enrolled in Georgia Families and/or the Georgia Families 360° program.
   This streamlined process results in administrative simplification thereby preventing inconsistencies, as well as the need for a provider to be credentialed or recredentialed multiple times.

2. The CVO's one-source application process:

   1. Saves time
   2. Increases efficiency
   3. Eliminates duplication of data needed for multiple CMOs
   4. Shortens the time period for providers to receive credentialing and recredentialing decisions

The CVO will perform primary source verification, check federal and state databases, obtain information from Medicare's Provider Enrollment Chain Ownership System (PECOS), check required medical malpractice insurance, confirm Drug Enforcement Agency (DEA) numbers, etc. A Credentialing Committee will render a decision regarding the provider's credentialing status. Applications that contain all required credentialing and recredentialing materials at the time of submission will receive a decision within 45 calendar days. Incomplete applications that do not contain all required credentialing documents will be returned to the provider with a request to supplement all missing materials. Incomplete applications may result in a delayed credentialing or recredentialing decision. The credentialing decision is provided to the CMOs.

GAINWELL TECHNOLOGIES provider reps will provide training and assistance as needed. Providers may contact GAINWELL TECHNOLOGIES for assistance with credentialing and recredentialing by dialing 1-800-766- 4456.

Assignment of separate provider numbers by all of the health plans:
Each health plan will assign provider numbers, which will be different from the provider’s Medicaid provider number and the numbers assigned by other health plans.

Billing the health plans for services provided:
For members who are in Georgia Families, you should file claims with the member’s health plan.

If a claim is submitted to GAINWELL TECHNOLOGIES in error:
GAINWELL TECHNOLOGIES will deny the claim with a specific denial code. Prior to receiving this denial, you may go ahead and submit the claim to the member’s health plan.

Receiving payment:
Claims should be submitted to the member’s health plan. Each health plan has its own claims processing and you should consult the health plan about their payment procedures.

Health plans payment of clean claims:
Each health plan (and subcontractors) has its own claims processing and payment cycles. The claims processing and payment timeframes are as follows:

Information for Providers Serving Medicaid Members in the Georgia Families 360°SM

Information for Providers Serving Medicaid Members
in the Georgia Families 360°SM Program

Georgia Families 360°SM, the state's managed care program for children, youth, and young adults in Foster Care, children and youth receiving Adoption Assistance, as well as select youth in the juvenile justice system, launched Monday, March 3, 2014. Amerigroup Community Care is the single Care Management Organization (CMO) that will be managing this population.

Amerigroup is responsible through its provider network for coordinating all DFCS, DJJ required assessments and medically necessary services for children, youth and young adults who are eligible to participate in the **Georgia Families 360°SM** Program. Amerigroup will coordinate all medical/dental/trauma assessments for youth upon entry into foster care or juvenile justice (and as required periodically).

Georgia Families 360°SM Every member in **Georgia Families 360°SM** is assigned a Care Coordinator who works closely with them to ensure access to care and ensure that appropriate, timely, and trauma informed care is provided for acute conditions as well as ongoing preventive care. This ensures that all medical, dental, and behavioral health issues are addressed. Members also have a medical and dental home to promote consistency and continuity of care. The medical and dental homes coordinate care and serve as a place where the child is known over time by providers who can provide holistic care. DFCS, DJJ, foster parents, adoptive parents, and other caregivers are involved in the ongoing health care plans to ensure that the physical and behavioral health needs of these populations are met.

Electronic Health Records (EHRs) are being used to enhance effective delivery of care. The EHRs can be accessed by Amerigroup, physicians in the Amerigroup provider network, and DCH sister agencies, including the DFCS, regardless of where the child lives, even if the child experiences multiple placements. Ombudsman and advocacy staff are in place at both DCH and Amerigroup to support caregivers and members, assisting them in navigating the health care system. Additionally, medication management programs are in place to focus on appropriate monitoring of the use of psychotropic medications, to include ADD/ADHD as well as other behavioral health prescribed medications.

Providers can obtain additional information by contacting the Provider Service Line at 1-800-454-3730 or by contacting their Provider Relations Representative.

Georgia Pathways to Coverage™

Georgia Pathways to Coverage™ is a new program to help low-income Georgians qualify for Medicaid who otherwise would not be eligible for traditional Medicaid.

About the Program

Georgia Pathways to Coverage™ is an innovative program that creates a new pathway to Medicaid coverage and healthier communities. As one of Governor Kemp's key priorities, this program seeks to increase access to affordable healthcare coverage, lower the uninsured rate across Georgia, support members on their journeys to financial independence, and promote members' transition from Pathways into private coverage.

This program offers Medicaid coverage to eligible Georgians ages 19-64 who have a household income of up to 100% of the Federal Poverty Level (FPL), are not otherwise eligible for traditional Medicaid, and meet the qualifying activities threshold. Qualifying activity requirements will only apply to Pathways and not those who are enrolled in other Georgia Medicaid programs.

Pathways covers many of the same medical services as traditional Medicaid, including:

Doctor visits.
Hospital stays.
Emergency services.
Prescriptions.
Laboratory and x-rays.
Family planning services.
Mental health services.
Preventive and wellness services.
Chronic disease management services.

Pathways does not cover Non-Emergency Medical Transportation (NEMT) except for members ages 19-20.

To apply for Pathways, go to gateway.ga.gov. Applicants may also call the Customer Contact Center at 1-877-423-4746 or 711 for the hearing impaired, visit your local Division of Family & Children Services (DFCS) office: dfcs.ga.gov/locations, or via mail to your local DFCS office.
