

How can you choose a Health Plan?

In Georgia Families®, you will get all the health services that you get now as a member of Medicaid, PeachCare for Kids®, or Georgia Pathways (as applicable) — plus more. While each plan offers the same basic health services, they also offer different "extra services" or benefits, such as programs to help you manage your asthma, diabetes, or weight! Take a look at the chart on the other side of this brochure to compare each plan and choose the one you like best.

Do you want to keep seeing your current doctor? Is there a hospital or clinic where you often go for care? Are there specialists, counselors, or special services that you want to keep using? Find out which Health Plans they accept. Visit www.georgia-families.com, call the providers, or 1-888-GA-Enroll (1-888-423-6765). TDD: 711.
