

## PreAdmission Screening/Resident Review(PASRR) Level I Assessment (Form : DMA-613)

Please provide the required information for this PA request on this page. When you have completed entering the data for this PA request, select the Review Request link to view the information entered.

I understand that submission of this application is in accordance with Section 1919(b)(3)(f) of the Social Security Act, which requires that a Medicaid certified nursing facility can neither admit nor retain any individual with serious mental illness and/or intellectual disability unless a thorough evaluation indicates that such placement is appropriate and that services will be provided. The Level I screen is part of the Preadmission Screening/Resident Review (PASRR), and identifies whether an applicant to a nursing facility has indicators for mental illness, intellectual disability, developmental disability or a related condition. The nursing facility is not authorized to admit initial applicants without completion of this preadmission nursing facility policy procedure which includes physician certified completion of the DMA-6 for a level of care determination. Both the DMA-6 and the DMA-613

DO NOT PROCEED IF PHYSICIAN HAS NOT CERTIFIED A DMA-6 FOR A LEVEL OF CARE
DO NOT PROCEED IF PHYSICIAN HAS CERTIFIED THAT NF SERVICES ARE FOR 30 DAYS OR LESS

		indicate that the individ gency for a serious ment			been referred C Yes No
b. Do	es the treatment history	indicate the individual h	nas experienced <b>a</b> t	t least ONE of the	following?

(1) Inpatient psychiatric treatment/crisis stabilization within the past 5 years.		0	
(2) An episode of significant disruption to the normal living situation, for which supportive services were required to maintain functioning at home, or in a residential treatment environment, or which resulted in	0	0	
	Yes	No	
<b>c.</b> The disorder results in functional limitations of major life activities that would normally be appropriate for t developmental stage. The individual typically has AT LEAST ONE of the following characteristics on a continuintermittent basis:		vidual's	
(1) Interpersonal Symptoms. The individual may have serious difficulty interacting with others; altercations, evictions, unstable employment, frequently isolated, avoids others	0	0	
	Yes	No	
(2) Completion of Tasks. The individual may have serious difficulty in sustaining focused attention for a long enough period to permit the completion of tasks, requires assistance with tasks, lacks concentration	C Yes	O No	
or persistence.  (3) Adaptating to change. This individual may be self-injurious, self-mutilating, suicidal, or have		_	
episodes of physical violence or threats, appetite disturbance, hallucinations, delusions, serious loss of	0	O	
interest, tearfulness, irritability, or withdrawal.	Yes	No	
1			
5. The individual has a Diagnosis of Intellectual Disability (ID) or Developmental Disability (DD) [prior to age 18] or a Related Condition [prior to age 22]	Yes C	No	
If Yes,			
a. Diagnosis of any of the following <b>disabilities</b> MAY indicate a <b>RELATED CONDITION:</b> Autism, Blind/Severe Impairment, Cerebral Palsy, Cystic Fibrosis, Deaf/Severe Hearing Impairment, Head Injury, Epilepsy/Seizure Dis Sclerosis, Spina Bifida, Muscular Dystrophy, Orthopedic Impairment, Speech Impairment, Spinal Cord Injury, Deafness/Blindness.		Multiple	
Diagnosis, if known : Date of onset, if known :			

The individual is a <u>"PERSON WITH RELATED CONDITIONS"</u> having a severe, chronic disability <u>that meet ALL of the following conditions</u>:

(1) It is attributable to cerebral palsy, epilepsy, or any other condition other than mental illness, found to be closely related to intellectual disability because this condition results in impairment of general intellectual functioning or adaptive behavior similar to that of persons with intellectual disability, and requires treatment or services similar to those required by these persons.

(2) It is manifested before the person reaches age 22.			
(3) It is likely to continue indefinitely.			
(4) It results in substantial functional limitations in THREE or more of the following areas of major life act self-care; understanding and use of language; learning; mobility; self-direction; and capacity for independent living.	ivities:	:	
b. If No, is there presenting evidence to indicate a suspected diagnosis for an undiagnosed condition as indicated by substantial functional limitations in THREE or more of the following areas of major life activities: (Refer to Section (4) Above)	О <sub>Y</sub>	es C	No
c. Does the treatment history indicate that the individual has received, is receiving, or has been referred to services for $ID/DD/RC$ from DBHDD or another agency?	O 4	es C	No
(1) Has experienced an episode of significant disruption to the normal living situation, for which supportive services were required to maintain functioning at home, or in a residential treatment environment, or which resulted in intervention by housing or law enforcement officials.	О <sub>Y</sub>	es C	No
(2) Has received Inpatient residential treatment	O 1	es 🗖	No
