ABC Nursing Care Facility
Attn: Administrator
567 Happy Lane
Happy, GA 23450

Provider Number: XXXXXX

Dear Administrator:

Georgia Medical Care Foundation (GMCF) no longer conducts annual staff development on-site reviews at Nursing Facilities that do not have a Nurse Aide Training Program (NATP). All aspects of the staff development audit will be reviewed via the submission of verified documentation that supports compliance of the two federal regulations listed below.

- **The Code of Federal Regulations, 483.75,(e),(8) requires that “each facility complete a performance review of every nurse aide at least once every twelve (12) months, and must provide regular in-service education based on the outcome of these reviews.”**
- **This in-service training must: “be sufficient to ensure the continuing competence of nurse aides, but must be no less than 12 hours per year; address areas of weakness as determined in the nurse aides’ performance reviews and may address the special needs of residents as determined by the facility staff; and, for the nurse aides providing services to individuals with cognitive impairments, also address the care of the cognitively impaired.”**

The facility will have thirty (30) days from the closing date of the review period to mail the required documentation to **Georgia Medical Care Foundation, Attn: Nurse Aide Training Program, P. O. Box 105753, Atlanta, GA 30348**. Please include page one (1) and two (2) of this letter along with the following documentation:

In-services conducted annually – **XXXXXX to XXXXXX**

List of typed or printed in-services – see enclosed categorized in-service form. Include the date and time of the in-service;

- List of Certified Nursing Assistants (CNAs) employed during the review period (place a "T" if terminated or "R" if resigned next to the appropriate names), indicate whether full-time, part-time, leave of absence or PRN, date of hire and Certified Nursing Assistant's total in-service hours for the review period;
- **Attach a printed copy of current certification card or web portal print out as verification of current certification for each CNA;**
- **CNA in-services must follow the federal guidelines - please review on page one of this letter;**
- **When recording in-services please see the attached list - choose the category in which the in-service title will fit and document the date of in-service - no other titles should be assigned to the in-service. There is a miscellaneous section to document any additional in-services and dates not listed.**

Please remember facility and job orientation to certified nurse aides cannot count as in-service hours. A Certified Nursing Assistant has 120 days from the date of employment to transfer certification from another state to the Georgia Registry (the reciprocity form can be download from our website at www.mmis.georgia.gov). Also frequently asked questions can be viewed on the website.

Facilities failing to mail the staff development information within the timeframe specified in this letter will receive an on-site review. Facilities cited for non-compliance will receive a letter detailing the deficiency and will have thirty (30) days to submit a corrective action plan. Those failing to submit a corrective action plan will receive an on-site facility visit. Random unannounced visits for follow-up validation will take place in order to perform quality assurance of the program. Please share this information with your staff.

Please find enclosure forms that will assist you in providing the needed information we are seeking. Please be advised they were designed to capture the information needed for our review.

If you have any questions or concerns please contact Linda Williams, RN, Staff Development Review Nurse at 678.527.3457.

Respectfully,

Nurse Aide Training Program
